MESSAGE FROM THE SENIOR VICE PRESIDENT FOR ADMINISTRATION & FINANCE AND CHIEF FINANCIAL OFFICER

The FY 2027 Operating and Capital Budget is presented at a pivotal moment for Stockton University and for higher education more broadly. Institutions across the country are confronting persistent financial pressures, including demographic shifts, enrollment volatility, inflationary cost increases, evolving student needs, and uncertainty in public funding. For Stockton, these pressures are compounded by State funding reductions.

This budget is more than a financial plan for the next fiscal year. It is a statement of the choices required to position the University for the future, and a tool for advancing Stockton's Strategic Plan. It aligns resources with the priorities that matter most: student success, academic quality, operational sustainability, regional responsibility, and long-term stewardship.

While our commitment to academic excellence, student success, and Stockton's mission remains unchanged, the financial realities before us require greater discipline, sharper prioritization, and a willingness to align our resources with the size and needs of the institution we are becoming.

In this environment, our work must focus on:

- **Restructuring operations** to reflect current and projected enrollment, revenue, and service demands,
- **Stabilizing enrollment and retention** through focused strategies that support student access, persistence, and completion,
- **Reducing structural costs** while protecting the core academic and student experience,
- **Prioritizing investments** that strengthen high-demand programs, essential infrastructure, and long-term institutional resilience, and
- **Advancing transparent planning** with faculty, staff, students, alumni, and partners as we navigate change together.

The decisions ahead will be difficult. Rightsizing the University will require careful analysis, candid conversations, and, in some cases, choices that affect programs, services, staffing, and operations. These decisions must be made with integrity, transparency, and a clear focus on preserving Stockton's ability to serve students now and for generations to come.

I am grateful for the collaboration, professionalism, and commitment that informed this budget. As we move forward, our shared responsibility is to confront current challenges directly, make thoughtful decisions, and build a more focused, financially sustainable Stockton for the future.
