

Student Learning Outcomes Assessment

Stockton University is committed to conducting systematic and sustainable student learning outcomes assessment for every program offered at the university. This assessment plan includes the creation of measurable program learning outcomes, the 4-year plan to assess those outcomes, the curriculum map to illustrate a clear relationship between the courses offered within the program and the outcomes of the program, and yearly completion of the assessment and continuous improvement forms.

Program Learning Outcomes

4-6 measurable outcomes

4-Year Plan

All outcomes to be assessed once in a 4-year period.

Curriculum Map

All courses mapped to one or more program learning outcomes.

Assessment Form

To be completed each academic year.

Continuous Improvement

Report at the end of each academic year.
