

Ospreys Give is Today!

Dear Alumni and Friends of the School of Education,

Don't forget to make a gift today or tomorrow to support students in the School of Education through [Ospreys Give!](#)

Please consider [making a gift](#) to one of these important initiatives and help support our current – or future – students.

Student Internships / Experiential Learning – Internships and experiential learning opportunities make a direct impact on the lives of our students by enabling them to move beyond the Stockton classroom and learn more about the communities we support as teachers. Some of our signature programs, such as the Praxis Core Outreach, allow our dedicated Education students to tutor high school students for the Praxis Core in several communities in New Jersey, and the success rates are outstanding. This fund also helps university students who are in need of financial assistance to pay for Praxis Core.

Youth Programming and Initiatives – Through our youth programming initiatives, the School of Education reaches beyond the classrooms on campus to provide youth in the surrounding community with educational support. Support our youth programming initiatives today.

General Scholarship Fund – Scholarships make a direct impact on the lives of our students by providing them with the means to complete their education without excess debt. Please consider supporting student scholarships with a gift of any amount. As Dean, I will match all donations that come into the School of Education up to \$1,000! Please [make a gift](#) to match my donation and help raise \$2,000 – or more!

Thank you for your generosity in supporting Stockton students.

Best regards,

Claudine Keenan, Ed.D.
Dean, School of Education
Stockton University
