- Do not use nails, screws, or adhesive substances such as contact paper, glue, double sided tape, or decals on walls, ceilings, floors, doors, or furnishings
- Do not remove curtains/drapery from window
- Do not remove screens from any windows
- Do not remove furniture from apartments or bedrooms
- Combustibles such as straw, hay, palm fronds, vines, branches, ect are prohibited
- Large combustible wall coverings such as, but not limited to, curtains, decorative lighting (plug-in and battery-operated string lights, holiday lights, lava lamps), posters, tapestries, flags, construction paper, excessive party decorations, ect. are prohibited
- All string lighting is prohibited in the residential areas. Lava lamps, halogen lights, heat lamps, neon and black lights are not permitted in any residential areas
- Candles and Incense, lit or unlit, are strictly prohibited in all residential areas. Anyone having candles or incense, or activating the smoke alarm system with a candle or incense is subject to a fine. Second offenses will result in housing probation. If a candle with a burnt wick is found during a fire inspection, it will be reported to the Complex Director who may remove the candle at their discretion
- Wax warmers, fragrance plugins or wickless candles are not permitted
- The State Fire Marshall prohibits the use of any live trees within residential areas owned and/or leased by the State of New Jersey. Artificial holiday trees found within residential areas must have certification indicating that they are fire resistant and/or flame proof.
- Extension Cords and multi plug outlet adapters are prohibited in all residential facilities. Only UL-approved circuit of fuse protected power strips are permitted.
- Devices with external heating plates are prohibited in all residential life areas. This may include but is not limited to, coffee makers and coffee pots, hot plates, ect. However, coffee makers with internal heating elements such as Keurig coffee makers are acceptable as long as the heating element is internal
- All fireworks and incendiary devices are illegal in the State of New Jersey and prohibited on campus.
- Hookahs, e-cigarettes, vapors, shishas or similar pipes are only permitted in designated smoke areas and are subject to the University's and State of New Jersey's smoking laws and policies
- Attaching objects to any window ledges, roofs or other exteriors of buildings
- Residents must never be present on any building ledge or roof
- Use of trampolines in the residence facilities or on campus is prohibited
- Use of Residential Life's fire place without authorization from a representative of Residential Life and/or a fire permit
- No person shall be in possession of tattooing kits or paraphernalia. Any person found in possession of any type of tattooing kits or paraphernalia may be subject to disciplinary action
- All students are prohibited from the use of Unmanned Aircraft System, also known as drones in and around any residential life area in order to provide a safe environment for students. Any university

employee, or student planning to operate an UAS as part of their University employment or used in support of research, teaching, or testing as part of a University program near any residential life area must first contact the Director for Residential Life or their designee for approval

- Waterbeds, water furniture, hot tubs, spas, and jacuzzis are prohibited in all areas inside, outside, and immediately adjacent to the residential complexes
- No person shall feed any unconfined wildlife located on University property, except when such wildlife is part of approved academic research. Feeding does not include baiting when performed by persons fishing with licenses. No hunting of any kind is permitted on campus. Feeding occurs when one gives, places, exposes, deposits, distributes, or scatters a material with the intention of feeding, attracting, or enticing wildlife.
