REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Trustees
Stockton University

Report on the financial statements**Opinions**

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of Stockton University (the "University"), a component unit of the State of New Jersey, as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2022 and 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinions

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America ("US GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("*Government Auditing Standards*"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of matter

As discussed in Note 1 to the financial statements, effective July 1, 2020, the University adopted Governmental Accounting Standards Board Statement No. 87, *Leases*. As a result of the implementation of this standard, the University reported a restatement for the change in accounting principle (see Note 13). Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required supplementary information

Accounting principles generally accepted in the United States of America require that the management's discussion of analysis, included on pages 6 through 20 and the schedules of proportionate share of net pension liability – last 10 years, schedules of employer contributions – last 10 years, and schedules of proportionate share of other postemployment benefits liability – last 10 years on pages 62 through 64 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have

applied certain limited procedures to the required supplementary information in accordance with US GAAS. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Schedule of Expenditures of State of New Jersey Awards, as required by the State of New Jersey Department of Treasury Circular 2015-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*, as of and for the year ended June 30, 2022, on pages 65 through 69, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with US GAAS. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 3, 2023 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Years ended June 30, 2022 and 2021

INTRODUCTION

Stockton University (the "University" or "Stockton") is proud to present its comparative financial statements for fiscal years 2022 and 2021, and its changes in financial position for the fiscal years then ended with fiscal year 2020 data presented for comparative purposes. This section of the University's financial statements presents our discussion and analysis of the University's financial performance. Since this discussion and analysis is designed to focus on current activities, it should be read in conjunction with the University's basic financial statements, which follow this section.

At Stockton, we seek to help our students develop the capacity for continuous learning and the ability to adapt to changing circumstances in a multicultural and interdependent world by insisting on breadth, as well as depth, in our curriculum. We believe that the breadth inherent in an interdisciplinary approach to liberal education both prepares students for inevitable career changes and enriches their lives. Stockton is committed to the positive development of southern New Jersey. Through research and community service, we actively seek to take advantage of and to improve the unique physical and human environment in which the University is located.

UNIVERSITY OVERVIEW

The University's main campus is located in Galloway Township, New Jersey. Stockton's Galloway holdings include a main campus of more than 1,600 acres, the majority of which is pristine forest and wetlands in the Pinelands National Reserve. The University opened a new beachfront residential campus in Atlantic City in 2018, and maintains additional instructional sites in Atlantic, Cape May and Ocean counties.

In September 2012, Stockton extended its reach into southern Ocean County with the Manahawkin instructional site, a 3,200 square-foot facility that hosts classes and community events. That site expanded in January 2018, adding 7,915 square feet of space dedicated to nursing education. The expansion includes a Foundations of Nursing Lab with simulated patients and examination rooms.

In January 2013, Stockton opened Kramer Hall in downtown Hammonton, which provides students with state-of-the-art classrooms, computer labs, and seminar rooms, as well as providing the local community use of the facility. A Master of Science degree in Data Science and Strategic Analytics has been offered at that site since fall 2017. A Master of Arts in Counseling began classes there in fall 2019.

In April 2013, Anne Azeez Hall in Woodbine opened, allowing Stockton to offer students courses in Cape May County.

The Unified Science Center expansion in Galloway opened in spring 2018, providing an additional 56,000 square feet in a three-story structure, with science labs, classrooms, a greenhouse, a vivarium, a gross anatomy lab, and faculty offices. The \$33.2 million expansion enabled the continued growth of the School of Natural Sciences and Mathematics. The Unified Science Center expansion was supported by \$21.5 million in funding from the Building Our Future Bond Act.

The 36,000 square-foot John F. Scarpa Health Sciences Center also opened in spring 2018 and houses a sustainability lab, health science simulation rooms, an exercise science classroom, physical therapy classrooms, and offices. The \$18.0 million facility received \$13.5 million in funding from the Building Our Future Bond Act.

In Atlantic City, Stockton opened a \$178.3 million residential campus in August 2018. The campus has approximately 220,000 square feet of housing and retail space for almost 535 students overlooking the beach and boardwalk. The campus was built as a public/private partnership with Atlantic City Development Corp. ("ACDevco"). The campus includes a parking garage topped by new offices for South Jersey Gas,

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

with 879 parking spaces available for use by the University, South Jersey Gas and the public. AtlantiCare Urgent Care and Atlantic Shores Offshore Wind LLC lease two of the retail sites.

The three-story 56,000 square-foot John F. Scarpa Academic Center in Atlantic City consists of classrooms, the multipurpose Fannie Lou Hamer event room, a food court with indoor and outdoor seating, and administrative and faculty offices. The site houses the Master of Social Work program and the doctoral program in Organizational Leadership as well as undergraduate courses in multiple majors with an emphasis on Business, Hospitality and Tourism.

Funding sources for the Atlantic City campus included \$50.6 million in bonds from the Atlantic County Improvement Authority from proceeds of almost \$70.0 million in tax credits issued by the N.J. Economic Development Authority, \$22.0 million from a Capital Improvement Fund ("CIF") grant awarded in July 2016 by the N.J. Secretary of Higher Education, an \$8.3 million contribution from South Jersey Gas, \$2.1 million in developer's equity and \$18.0 million from Stockton, along with \$77.3 million in Atlantic County Improvement Authority revenue bonds secured by lease payments from the University.

In October 2020, the University held its groundbreaking ceremony for a Phase II project in Atlantic City that will consist of a new, approximately 135,000 square-foot residential building, that will provide housing for 416 students in 107 apartments, primarily in 4-bedroom single or 2-bedroom double configurations. The units will also include a kitchen, living room, and bathroom(s). Amenities throughout the building will include laundry facilities, and study and lounge areas for student gathering. The anticipated project completion date is fall 2023. Funding sources for the Phase II project include \$54.6 million in bonds from the Atlantic County Improvement Authority and a \$10.3 million loan from the Casino Reinvestment Development Authority.

A significant percentage of the student body is from Atlantic, Cape May and Ocean counties, but the University is expanding its reach, attracting more students from northern New Jersey and other areas. Stockton continues to experience a slight decline in enrollment as a result of the lingering impacts of COVID-19, with a headcount of 9,074 for fall 2022 compared with 9,352 for fall 2021.

The University offers undergraduate Bachelor of Arts, Bachelor of Science, Bachelor of Fine Arts, Bachelor of Science in Nursing, and Bachelor of Arts in Liberal Studies degrees, as well as 16 Master's level programs and three doctoral programs in Physical Therapy, Nursing Practice, and Organizational Leadership.

FINANCIAL STATEMENTS

The University's comparative financial statements include three basic financial statements: statements of net position; statements of revenues, expenses, and changes in net position; and statements of cash flows, which have been prepared following Governmental Accounting Standards Board ("GASB") principles. These statements present the University's operations as a whole, focusing on its assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, expenses, and cash flows on an entity-wide basis.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

SUMMARY OF NET POSITION

The statements of net position present the assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position of the University as of the end of the fiscal year. The statements of net position are point-in-time financial statements. The purpose of the statements of net position is to present to the readers of the financial statements a fiscal snapshot of the University. The statements of net position present end-of-the-year data concerning assets (current and noncurrent), deferred outflows of resources, liabilities (current and noncurrent), deferred inflows of resources, and net position (assets plus deferred outflows of resources minus liabilities minus deferred inflows of resources).

Net position is one indicator of the current financial condition of the University, while the change in net position is an indicator of whether the overall financial condition has improved or worsened during the year.

From the data presented, readers of the statements of net position are able to determine the assets available to continue the operations of the University. They are also able to determine how much the University owes vendors and lending institutions. Finally, the statements of net position provide a picture of the net position (assets plus deferred outflows of resources minus liabilities minus deferred inflows of resources) and their availability for expenditure by the University.

Net position is divided into three major categories. The first category, net investment in capital assets, provides the equity in property, plant, and equipment owned by the University, net of accumulated depreciation, reduced by the outstanding balances of debt and deferred inflows and outflows of resources related to the acquisition, construction, or improvement of those assets. The next net position category is restricted. Expendable restricted is available for expenditure by the University but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of those assets. Nonexpendable restricted net position is required to be maintained in perpetuity by donors and/or external entities. The final category is unrestricted. Unrestricted assets are available to the University for any lawful purpose of the University.

Effective July 1, 2014, the University adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27* ("GASB 68"), and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement 68* ("GASB 71"). These standards require all state and local governmental employers providing defined benefit pensions to recognize their proportionate share of the actuarially determined amount of the unfunded pension benefit obligation as a liability. As required from the data provided by the State of New Jersey, the University recorded its portion of the pension liabilities and expenses from the New Jersey State-administered retirement system. The unfunded pension liability will change each year, resulting from the changes in plan assumptions about economic and demographic factors, differences between actual and expected experience, and differences between actual and expected investment earnings. The net pension liability was measured each fiscal year end with the latest measurement as of June 30, 2021, a one-year lag from the University's year-end reporting date (note: GASB 68 requires the net pension liability to be measured as of a date no earlier than the end of the employer's prior fiscal year).

Effective July 1, 2017, the University adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* ("GASB 75"). The primary objective of this statement is to improve accounting and financial reporting for other postemployment benefits ("OPEB"). This statement replaced the requirements of Statement 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. It established standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expenses. This statement also identified the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. The State is legally required to pay for the OPEB benefit coverage for eligible retirees of

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

the University. Since the University does not contribute directly to the plan, there is no total OPEB liability, deferred outflows of resources, or deferred inflows of resources to record. Under the GASB 75 special funding situation, the University is required to record in its financial statements, as an expense and corresponding revenue, its proportionate share of the OPEB expense allocated to the State of New Jersey and include its proportionate share of the collective total OPEB liability in its respective notes to the financial statements. The total OPEB liability is measured each fiscal year end with the latest measurement as of June 30, 2021, a one-year lag from the University's year-end reporting date.

As a result of the requirements in reporting for GASB 68 and GASB 75, the University has recorded its proportionate share of the net pension liability, pension expense, deferred outflows, and deferred inflows of resources in the June 30, 2022 and 2021 financial statements for GASB 68 and its proportionate share of expense and corresponding revenue for GASB 75 in the June 30, 2022 and 2021 financial statements. The note disclosures regarding the pension and OPEB benefits include a discussion of applicable net pension liability and pension and OPEB expense. Finally, as part of required supplemental information, the University has included certain schedules of data. These accounting changes do not impact the University's funding requirements for the pension and OPEB plans.

The effect of GASB 68 was the recognition of net pension expense, changes in deferred outflows and inflows of resources, and net pension liability. The effect of GASB 75 was the recognition of an expense and corresponding revenue of the University's proportionate share of the OPEB expense allocated to the State of New Jersey.

The University's financial statements and notes for fiscal 2022 and 2021 reflect the adoption of GASB Statement No. 87, *Leases*, as of July 1, 2020. Under Statement No. 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about the University's leasing activities. As a result of this adoption the opening net position as of July 1, 2020, was reduced by \$144,597.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

The following reflects the impact of GASB 68 and 75 on the University's financials at June 30, 2022:

	Excluding GASB 68 and 75	Recognition of GASB 68	Recognition of GASB 75	Including GASB 68 and 75
Statement of net position at June 30, 2022:

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

A summary of the University's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position as of June 30, 2022, 2021 and 2020 is as follows:

	2022	2021	2020
Assets			
Current assets	\$ 32,386,960	\$ 28,862,502	\$ 34,626,742
Capital assets	480,374,440	494,957,381	439,197,878
Other non-current assets	132,333,834	141,757,270	88,562,579
	Total assets	665,577,153	562,387,199
Deferred outflow of resources			
Pension related	40,906,775	40,283,651	1,149,065
Loss on refunding debt	8,998,458	9,527,779	10,057,100
	Total deferred outflows of resources	49,811,430	11,206,165
Liabilities			
Current liabilities	41,088,652	36,997,402	35,749,309
Noncurrent liabilities	562,032,975	574,143,507	511,005,307
	Total liabilities	611,140,909	546,754,616
Deferred inflows of resources			
Pension related	35,166,444	45,612,302	24,113,495
Other long-term debt related	1,889,472	1,998,480	2,034,816
Lease related	1,067,996	1,246,993	-
Gain on refunding debt	66,359	77,419	88,479
	Total deferred inflows of resources	48,935,194	26,236,790
Net position			
Net investment in capital assets	94,281,263	101,058,516	107,862,887
Restricted for:			
Debt service and debt service reserves	10,845,319	9,040,619	6,497,496
Unrestricted	(51,438,013)	(54,786,655)	(113,758,425)
	Total net position	\$ 55,312,480	\$ 601,958

Excluding GASB 68 and GASB 75, which require employers to report and disclose State of New Jersey obligations for pension and OPEB, the University's statements of net position reflect a prudent utilization of financial resources, management of investments, and utilization of debt to support the University's capital plan.

Current assets consist primarily of cash and cash equivalents, deposits held by bond trustees, investments, and receivables. Noncurrent assets consist primarily of investments, deposits held by bond trustees, and capital assets. Current liabilities consist primarily of accounts payable and accrued expenses, unearned revenue, compensated absences, and the current portion of long-term debt. Noncurrent liabilities consist primarily of long-term debt and net pension liability per the implementation of GASB 68.

(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

Total assets for the University decreased by \$20,481,919 in fiscal year 2022. This decrease is related to decreases in capital assets of \$14,582,941, investments of \$9,234,876, cash and cash equivalents of \$517,892 offset by increases in receivables of \$2,313,581, deposits held by bond trustees of \$1,220,929, and other current assets of \$319,280. The decrease in capital assets can be attributed to current year depreciation net of asset additions and retirements, while the decrease in investments can be attributed to poor investment performance during the fiscal year. Total assets for the University increased by \$103,189,954 in fiscal year 2021. This increase is related to increases in capital assets of \$55,759,503, investments of \$47,958,949, deposits held by bond trustees of \$2,117,585, cash and cash equivalents of \$765,239, and other current assets of \$148,152 offset by net decreases in receivables of \$3,559,474. The increase in capital assets can be attributed to the Atlantic City Phase II project, while the increase in investments can be attributed to positive investment performance during the fiscal year.

The increase in deferred outflows of \$93,803 is primarily attributable to changes related to GASB 68 pensions and includes the fiscal year 2022 contribution made on behalf of the University after the measurement date which will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other components of the pension related deferred outflows include changes in assumptions and the University's proportionate share of the liability from the previous year that will be recognized as a component of pension expense in future years.

Total liabilities decreased by \$8,019,282 in fiscal year 2022. This decrease is due to the decreases in bonds payable of \$5,749,158, other long-term debt of \$5,958,392, leases payable of \$662,873, compensated absences of \$455,352, U.S. government grants refundable of \$271,118, and due to component units of \$14,475 offset by increases in accounts payable and accrued expenses of \$1,507,644, net pension liability of \$3,015,679, and unearned revenue of \$568,763. The decline in bonds payable and other long-term debt reflects the annual repayment of current debt obligations. Total liabilities increased by \$64,386,293 in fiscal year 2021. This increase is primarily due to the increases in other long-term debt of \$61,867,857, net pension liability of \$5,647,842, and other current and noncurrent liabilities of \$19,751 offset by a decline in bonds payable of \$3,149,157. The increase in other long-term debt is directly related to the financing of the Atlantic City Phase II project. The decline in bonds payable reflects the annual repayment of current debt obligations.

The decrease in deferred inflows of \$10,744,923 is mainly attributable to changes related to GASB 68 pensions. These deferred inflows are related to the net difference between projected and actual investment earnings on pension plan investments and changes in the share of the University's net pension liability. These deferred inflows will be recognized as a component of pension expense in future years.

SUMMARY OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION

Changes in total net position as presented on the statements of net position are based on the activity presented in the statements of revenues, expenses, and changes in net position. The purpose of the statement is to present the revenues received by the institution, both operating and nonoperating, and the expenses paid by the institution, operating and nonoperating, and any other revenues, expenses, gains, and losses received or spent by the University.

Operating revenues are received for providing goods and services to the various customers and constituents of the University. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the University. Nonoperating revenues are revenues received for which goods and services are not provided in exchange. For example, State of New Jersey appropriations are nonoperating because they are provided by the Legislature to the University without the Legislature directly receiving commensurate goods and services in exchange for those revenues. Amounts awarded to the University from the Federal government

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Coronavirus Response and Relief Supplemental Appropriation Act (CRRSAA), and American Rescue Plan (ARP) Act are also classified as nonoperating revenues. In accordance with GASB 75, OPEB expenses are recorded as operating expenses, while the corresponding revenue is recorded as nonoperating revenue.

The statements of revenues, expenses, and changes in net position present the University's results of operations. A summary of the University's revenues, expenses, and changes in net position for the years ended June 30, 2022, 2021 and 2020 is as follows:

	<u>2022</u>	<u>2021</u>	<u>2020</u>

REVENUES

To fund its operations, the University receives revenues from a variety of sources including tuition and fees, grants and contracts, auxiliary services, State of New Jersey appropriations, and investment income. The University continues to seek additional funds from all possible sources to adequately fund operating activities.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

OPERATING REVENUES

Operating revenues for the years ended June 30, 2022, 2021 and 2020 totaled \$164,364,593, \$146,974,226, and \$155,837,299, respectively. For the year ended June 30, 2022, student revenues net of scholarships were \$124,821,159, governmental grants were \$29,657,796, and other revenue totaled \$9,885,638. For the year ended June 30, 2021, student revenues net of scholarships were \$116,295,050, governmental grants were \$26,620,099, and other revenue totaled \$4,059,077. For the year ended June 30, 2020, student revenues net of scholarships were \$120,728,495, governmental grants were \$28,735,506, and other revenue totaled \$6,373,298.

Student revenues, which includes tuition and fees and auxiliary enterprises, are the primary source of operating revenue for the University. Tuition and fee revenues increased from fiscal year 2020 to fiscal year 2021 by approximately 2%, while tuition and fee revenues decreased from fiscal year 2021 to fiscal year 2022 by approximately 2%. Auxiliary activities, related to housing, decreased from fiscal year 2020 to fiscal year 2021 by 40%. The 2021 decrease was related to COVID-19. Many courses were conducted via an online modality and students remained at home for the fall 2020 and spring 2021 semesters. Auxiliary activities increased from fiscal year 2021 to fiscal year 2022 by 126%. The 2022 increase was driven by a return to normal campus operations with students returning to housing coupled with the movement of student meal plan revenue and expense to the University's books and records upon dissolution of Stockton Affiliated Services, Inc. ("SASI") effective June 30, 2021.

Operating revenues for 2022, 2021 and 2020 were as follows (in thousands):

	2022	%	2021	%	2020	%
		Total		Total		Total
Student revenues, net	\$ 124,821	76%	\$ 116,295	79%	\$ 120,728	78%

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

Total operating revenue represented graphically for the three years is as follows:

NONOPERATING AND OTHER REVENUES

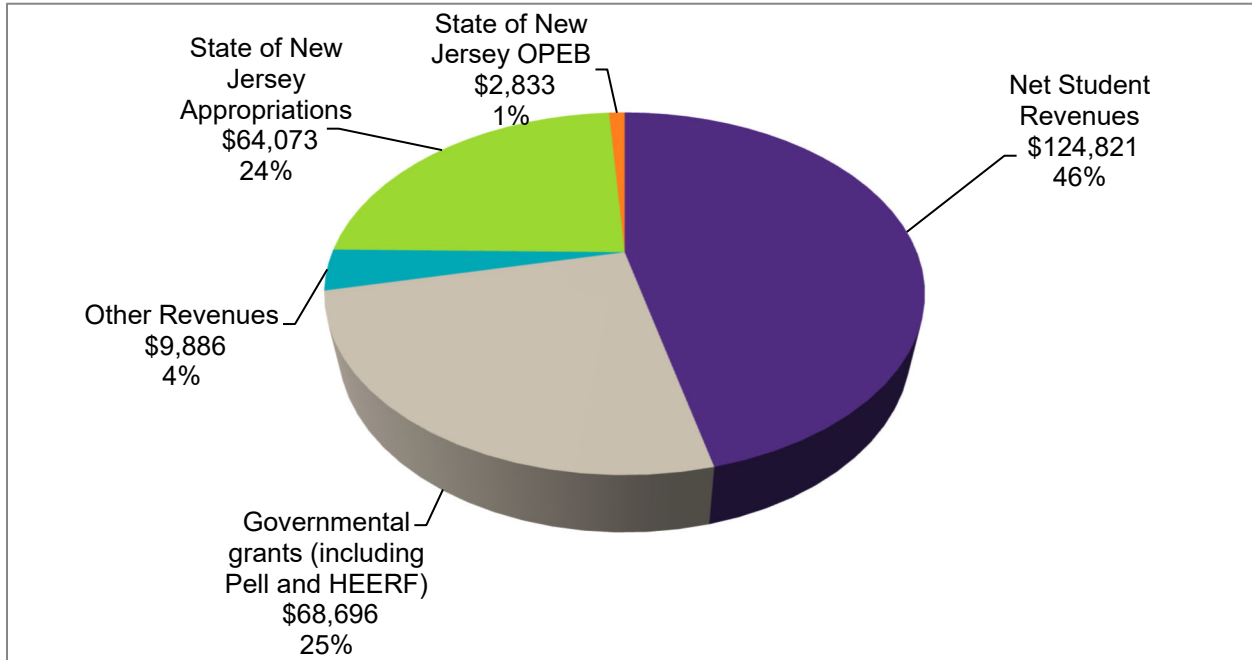

Net nonoperating and other revenues for the years ended June 30, 2022, 2021 and 2020 totaled \$76,947,143, \$117,548,121, and \$65,740,430, respectively. The primary source of nonoperating revenue was the State of New Jersey appropriation, including fringe benefits, of \$64,073,082, \$54,971,278, and \$49,879,144, respectively, for the years ended June 30, 2022, 2021 and 2020. The other components of net nonoperating revenues were Pell grant revenues of \$17,817,334, \$18,133,206, and \$18,225,942, investment return, net of (\$14,198,110), \$23,026,894, and \$1,980,844, and interest expense on capital related debt of (\$12,482,858), (\$12,894,591), and (\$12,969,363) for the years ended June 30, 2022, 2021 and 2020, respectively. Included in other revenues for the years ended June 30, 2022, 2021 and 2020 was capital grant revenue of \$2,940, \$264,178, and \$138,784, respectively. In compliance with GASB 75, the University recorded nonoperating OPEB revenue from the State of New Jersey of \$2,833,482, \$4,955,592, and \$1,064,835 for the years ended June 30, 2022, 2021 and 2020, respectively. Also, for the years ended June 30, 2022, 2021, and 2020, the University recorded Federal Higher Education Emergency Relief funding of \$21,217,938, \$29,749,764, and \$7,723,592, respectively.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

Categories of both operating, nonoperating, and other revenues that support the University's core activities in 2022 are as follows (in thousands of dollars):

OPERATING EXPENSES

Operating expenses are defined as expenses paid by the University to acquire or produce goods and services used to carry out its mission, in return for operating revenues. For the years ended June 30, 2022, 2021, and 2020, the University incurred operating expenses totaling \$242,935,647 (\$232,860,634 excluding the effects of GASB 68 and GASB 75), \$209,667,228 (\$216,699,573 excluding the effects of GASB 68 and GASB 75), and \$227,275,375 (\$222,550,759 excluding the effects of GASB 68 and GASB 75), respectively. Operating revenues for these periods totaled \$164,364,593, \$146,974,226, and \$155,837,299, respectively, causing a loss from operations of (\$78,571,054) (loss of \$68,496,041 excluding the effects of GASB 68 and GASB 75), (\$62,693,002) (loss of \$69,725,347 excluding the effects of GASB 68 and GASB 75), and (\$71,438,076) (loss of \$66,713,460 excluding the effects of GASB 68 and GASB 75), respectively, prior to State appropriations, State OPEB revenue, and other nonoperating revenue.

STOCKTON UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

A summary of operating expenses for the years ended June 30, 2022, 2021, and 2020 is as follows (in thousands):

	2022	% of Total	2021	% of Total	2020	% of Total
Instruction	\$ 62,798	26%	\$ 59,989	29%	\$ 62,299	27%
Research	1,581	1	1,068	1	1,218	1
Public service	7,692	3	6,499	3	8,839	4
Academic support	19,454	8	19,478	9	25,189	11
Student services	21,928	9	18,918	9	22,960	10
Institutional support	36,406	15	30,143	14	36,416	16
Operation and maintenance of plant	24,454	10	21,008	10	24,307	11
Student aid	26,411	11	19,503	9	14,687	6
Auxiliary enterprises	20,460	8	9,694	5	12,215	5
Depreciation and amortization	18,918	8	18,411	9	18,080	8
OPEB expense	2,833	1	4,956	2	1,065	1
Total operating expenses	<u>\$ 242,935</u>	<u>100%</u>	<u>\$ 209,667</u>	<u>100%</u>	<u>\$ 227,275</u>	<u>100%</u>

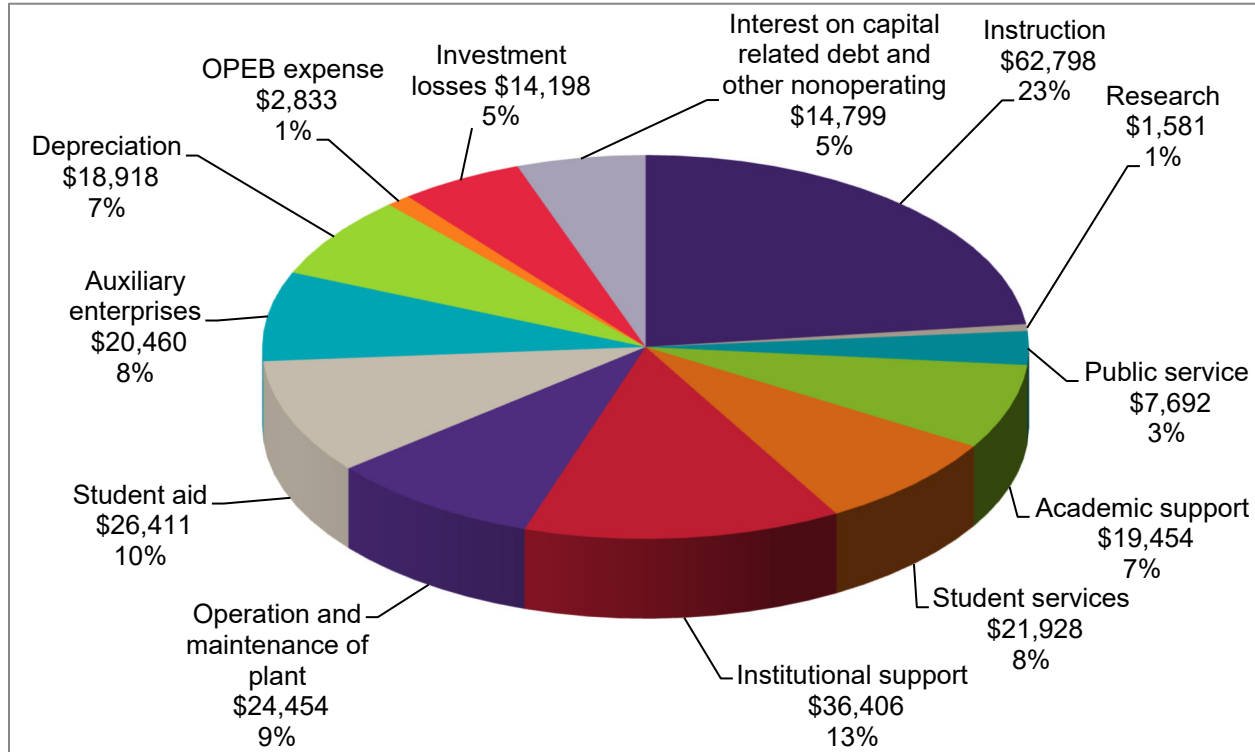

Based on the amounts reported above, expenses have remained fairly consistent for each of the categories over the past years. In complying with GASB 75, the University recorded OPEB expense of \$2,833,482, \$4,955,592, and \$1,064,835 for the years ended June 30, 2022, June 30, 2021, and June 30, 2020, respectively.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

Categories of both operating and nonoperating expenses related to Stockton's core activities in 2022 are as follows (in thousands of dollars):

CHANGE IN NET POSITION

The University had a decrease in net position of \$1,623,911 in fiscal year 2022, an increase in net position of \$54,855,119 in fiscal year 2021, and a decrease in net position of \$5,697,646 in fiscal year 2020. The changes in net position are the result of the operating revenue, operating expense, nonoperating revenue and expense, and other revenue activity that took place during the respective fiscal year.

CAPITAL ASSETS AND DEBT ACTIVITIES

The University continues to manage its financial resources so as to ensure adequate financial flexibility to access the capital markets as needed. The University has a debt rating from Moody's Investor Services and Fitch Rating Ltd. of Baa1 and A-, respectively.

The University has been advancing a master plan consistent with its strategic and Middle States reaccreditation plans, where the University intends to keep the existing campus in good repair and to ensure that it is prepared to meet the needs of future students. Included in those plans are numerous renovation and site improvement projects.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

Years ended June 30, 2022 and 2021

COVID-19 UPDATE

The negative financial impacts of COVID-19 have been largely offset by federal and state government support. The University received \$5.5 million in Coronavirus Aid, Relief, and Economic Security (CARES) Act funding, \$11.2 million in Coronavirus Response and Relief Supplemental Appropriations (CRRSAA) Act funding, and \$14.9 million in American Rescue Plan (ARP) Act funding. Additionally, the University received \$8.8 million in Coronavirus Relief Funds (CRF) and \$3.5 million in Governor's Emergency Education Relief Funds (GEER) from the State of New Jersey.

Though the full impact of COVID-19 and the scope of any impact on the University's operations and financial condition cannot be determined, potential adverse consequences to the University of COVID-19 may include a decline in enrollment, a decline in demand for University housing and dining, postponement or cancellation of athletic, fundraising, and cultural events, and a decrease in interest and investment income from the University's investment assets. The University will continue to closely monitor the COVID-19 pandemic and its impact on the Stockton community. Necessary steps will be taken to manage the financial impact and ensure financial sustainability of the University.

ECONOMIC OUTLOOK

The populations of Atlantic and Ocean counties provide the majority of the University's student body, but the University's reputation for providing quality, value, and distinction attracts applicants from throughout New Jersey and beyond.

Stockton is among the Top 100 Public National Universities, according to the 2023 U.S. News & World Report College Rankings. Stockton ranked 91 out of 227 public colleges and universities in the nation and 182 out of 440 in the Best National Universities ranking. Previously, Stockton ranked 7th in the Best Regional Universities - North but is included in the national rankings for 2023 due to its broad range of degree programs and increase in the number of doctoral degrees conferred. Stockton was also named as a 2022 "Best Regional College" by The Princeton Review. Stockton is included on Forbes' and Money Magazine's list of "Best Value Colleges" and The Military Times ranked Stockton 15th in the Mid-Atlantic in its 2022 rankings of "Best Colleges for Veterans."

Stockton's tuition and fees are competitive with New Jersey's seven other public master's and doctoral colleges and universities - and a great value compared to private institutions. Stockton's flat-rate tuition program enables full-time students to take between 12 and 20 credits and pay the same rate. Students who take 20 credits can graduate sooner and potentially save thousands of dollars on the cost of classes and housing or commuting.

On average, Stockton receives more than 12,000 applications. 1,562 new freshmen were enrolled for fall 2022. In addition, Stockton typically enrolls about 1,200 transfer students annually, most entering as juniors from area community colleges. Stockton also enrolls about 450 graduate students annually.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS

June 30, 2022 and 2021

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Stockton University (the "University") is primarily an undergraduate university of arts, sciences, and professional studies that provides undergraduate programs, including traditional and alternative approaches to education. The operations of management are vested in the University's Board of Trustees. In 1986, State College Autonomy legislation was enacted, which granted certain fiscal and financial responsibility to the University Board of Trustees. In 1994, the Higher Education Restructuring Act further expanded the role of the Board of Trustees. Under the law, the University is an instrumentality of the State of New Jersey with a high degree of autonomy. However, for financial reporting purposes, the University is considered a discretely presented component unit of the State of New Jersey. Accordingly, the University's financial statements are included in the State of New Jersey's Comprehensive Annual Financial Report. The University is exempt from federal income taxes under Internal Revenue Code Section 501(a) as an organization described under Section 501(c)(3).

In accordance with GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an Amendment of GASB Statements No. 14 and No. 34*, GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units - an Amendment of GASB Statement No. 14*, GASB Statement No. 80, *Blending Requirements for Certain Component Units - an Amendment of GASB Statement No. 14*, and GASB Statement No. 14, *The Financial Reporting Entity*, the University has determined that the Stockton University Foundation (the "Foundation"), Stockton Affiliated Services, Inc. ("SASI"), and the National Aerospace Research and Technology Park, Inc. ("NARTP") should be included in the University's financial statements as discretely presented component units. A component unit is a legally separate organization for which the primary institution is financially accountable or to which the primary institution is closely related.

The Foundation is a legally separate, tax-exempt component unit of the University. The Foundation has received a determination letter from the Internal Revenue Service concluding that it is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Foundation acts primarily as a fundraising entity to supplement the resources that are available to the University in support of its programs. The Board of Directors of the Foundation, which consists of at least five and no more than 40 persons, is self-perpetuating and consists of qualified persons elected by majority vote of the Board of Directors of the Foundation. Although the University does not control the timing or amount of receipts from the Foundation, the resources, or income thereon, the Foundation holds investments that are used exclusively for the benefit, support, and promotion of the University for its educational activities. Because these resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is discretely presented in the University's financial statements.

SASI was established in accordance with New Jersey's Public College Auxiliary Organization Act ("N.J.S.A.") 18A:64-26, et seq. in July 2008 as a legally separate, tax-exempt 501(c)(3) organization. SASI's purpose was to support the mission of the University by expanding and improving the level of services provided by the University. The University contracted with SASI to manage programs and services, which supported the University's mission of teaching, research, scholarship, and public services. On April 30, 2021, SASI's Board of Directors approved the dissolution and liquidation of SASI effective June 30, 2021, in order to consolidate its assets with the University. The transfer of net assets to the University upon dissolution was (\$543,798) and is reflected within the statement of revenues, expenses, and changes in net position as other nonoperating expense for the year ended June 30, 2021.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

NARTP was established in accordance with N.J.S.A. 18A:64-26, et seq. in September 2013. NARTP is a legally separate, tax-exempt 501(c)(3) organization. NARTP's purpose is to conduct research and development and to promote concept and product development using emerging technologies in a laboratory and operational environment. NARTP is a focal point for interaction and innovation among researchers, academia, government and private industry in developing the next generation air traffic control system, which is critical to the nation's aviation system. Because of its relationship with the University, NARTP is considered a component unit of the University and is discretely presented in the University's financial statements.

Separately issued financial statements are available for the Foundation and NARTP and are available by contacting the University Controller's Office.

Basis of Presentation

The University's financial statements have been prepared on the accrual basis of accounting using the economic resources measurement focus, in accordance with accounting principles generally accepted in the United States of America as promulgated by GASB.

Use of Estimates

The financial statements include estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the statements of net position dates, as well as the reported amounts of revenues and expenses for the fiscal years then ended. Significant estimates include but are not limited to depreciation, other post-retirement benefits, allowance for doubtful accounts, pension liabilities, and investments. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and mature in three months or less from the date of purchase.

The University invests a certain portion of its cash in the State of New Jersey Cash Management Fund, which permits the overnight sweep of available cash balances directly into a common fund for short-term investments. This is an interest-bearing account from which funds are available upon demand.

Investments and Deposits Held with Trustees

The University follows the provisions of GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Investments traded in active markets are recorded at fair value, based on quoted market prices. Hedge and other investment funds are carried at estimated fair value based on the net asset values reported by the fund managers, which are reviewed by management for reasonableness. Those estimated fair values may differ from the values that would have been used had a ready market for these securities existed.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, changes in the values of investment securities could occur. In the near term, such changes could materially affect the amounts reported in the statements of net position.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Capital Assets

Capital assets are recorded at historical cost if purchased or constructed. Although legal title to certain academic buildings and equipment remains with the State of New Jersey, the University has been given exclusive use of the buildings and equipment through enabling legislation, and has included their cost in the accompanying statements of net position. The University currently does not pay any rental fees to the State of New Jersey in connection with the aforementioned buildings and equipment and has not included any amount as revenue or expense in the accompanying financial statements of the University.

Depreciation is calculated on the straight-line basis. The University's capital assets policy establishes the following capitalization thresholds and estimated useful lives:

Asset Category	Useful Life	Capital Threshold
Buildings	40 to 60 Years	\$ 100,000
Infrastructure	20 to 40 Years	10,000
Land improvements	10 to 25 Years	10,000
Equipment	3 to 15 Years	5,000

Library book purchases are expensed annually.

Lease Receivables

Lease receivables are recorded by the University as the present value of lease payments expected to be received under all leases other than those that are short-term. Lease receivables are subsequently reduced over the life of the lease as cash is received in the applicable reporting period. Short-term leases, those with a maximum period of 12 months, are recognized as collected.

Right-of-Use Assets

Right-of-Use (ROU) assets are recognized at the lease commencement date and represent the University's right to use an underlying asset for the lease term. ROU assets are measured at the initial value of the lease liability plus any payments made to the lessor before commencement and initial direct costs and are included within capital assets, net in the statement of net position.

Leases Payable, Net

Lease liabilities represent the University's obligation to make lease payments arising from leases other than short term leases. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments over the remaining lease term. Present value of lease payments are discounted based on a borrowing rate determined by the University. Short-term leases, those with a maximum period of 12 months, are expensed as incurred.

Deferred Outflows and Inflows of Resources

Deferred outflows of resources are defined as a consumption of net assets that are applicable to a future reporting period. Deferred inflows of resources are defined as an acquisition of net assets that are applicable to a future reporting period. Deferred inflows and deferred outflows of resources include differences between expected or projected results related to the University's proportionate share of net pension liability and contributions made to the pension systems subsequent to the measurement date. Deferred outflows and inflows of resources also include gains and losses resulting from refinancing of debt,

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

which represents the difference between the reacquisition price and the net carrying amount of the old debt, and are amortized over the life of the related debt. Deferred inflows also include an amount recorded as a result of the University utilizing a portion of the Atlantic County Improvement Authority's Series 2016A Bonds towards the Atlantic City Academic project. For fiscal year 2022 and 2021, deferred inflows of resources also includes deferred inflows related to leases due to the adoption of GASB Statement No. 87, *Leases*.

Net Pension and Other Postretirement Liabilities

The University is required to report its proportionate share of the pension and other postretirement plans' activities for the plans in which it participates. For the purposes of measuring the net pension and other postretirement liabilities, deferred outflows of resources and deferred inflows of resources related to pension and other postretirement liabilities, and pension and other postretirement expense, information about the fiduciary net position of the pension and other postretirement plans, and additions and deductions from the pension and other postretirement plans' fiduciary net position have been determined on the same basis as they are reported to the University by those plans.

Classification of Net Position

The University classifies its resources into the following net position categories:

- Net investment in capital assets contains the land and land improvements, buildings and building improvements, equipment and other assets, and construction in progress of the University, net of depreciation, and the indebtedness incurred to finance their acquisition and construction, as well as capital assets acquired through research grants and contracts whose title remains with the University at the conclusion of the grant or contract period with the permission of the grantor;
- Restricted nonexpendable net position is comprised of donor-restricted endowment funds. Endowments are subject to restrictions of gift instruments requiring that the principal be invested in perpetuity;
- Restricted expendable net position includes gifts that are restricted to use for specific purposes by the donor, capital grants and gifts, endowment income and appreciation, and other restricted resources. Funds that are restricted are utilized only for the specified purposes; and
- Unrestricted net position is derived principally from student tuition and fees, gifts and bequests, and investment income, and is spent to meet the objectives of the University. The University's policy is to first utilize available restricted expendable, and then unrestricted resources in the conduct of its operations.

Classification of Revenues and Expenses

The University's policy for defining operating activities in the statements of revenues, expenses, and changes in net position are those that serve the University's principal purpose and generally result from exchange transactions such as payments received for services and payments made for the purchase of goods and services. Examples include (1) student tuition and fees, net of scholarship allowances, (2) sales and services of auxiliary enterprises, and (3) federal, state, and local grants and contracts. Non-operating revenues and expenses include activities that have the characteristics of non-exchange transactions, such as appropriations from the State of New Jersey, Pell grants, Federal grants related to novel coronavirus ("COVID-19") relief funding, investment income and other activity that does not meet the definition of an operating activity. Other revenues arise from non-exchange transactions which provide funding for acquisitions of capital assets and additions to permanent endowments.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Interest expense is reported as a non-operating activity.

Revenue Recognition

Student revenues are presented in the statements of revenues, expenses, and changes in net position, net of scholarships applied to student accounts, while other payments made directly to students are presented as student aid expenses and are recognized in the period earned. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University and the amount that is paid by students and/or third parties making payments on students' behalf to the extent revenues from such programs are used to satisfy tuition and fees and other student services. Student revenues collected in advance of the fiscal year are recorded as deferred revenue in the statements of net position.

Federal, state, and local grant and contract revenue is comprised mainly of grant revenues received from the federal government and the State of New Jersey and is recognized as the related expenses are incurred. Amounts received from grants, which have not yet been earned under the terms of the agreement, are recorded as deferred revenue in the statements of net position.

Investment income, which includes interest, dividends, and realized and unrealized gains and losses, is recognized on the accrual basis. Gains and losses on investments are determined using specific identification, except for mutual funds, which are based on average cost.

Gifts and bequests are recorded upon receipt by the University. Pledges, other than endowment, are recognized as gift income and recorded at their present value. Additions to permanent endowments are recognized upon their receipt.

Risk Management

The University carries commercial insurance covering its risks of loss related to real and personal property, personal injuries, torts, errors and omissions, environmental damage, and natural and other unforeseen disasters.

Risks and Uncertainties

In March 2020, the World Health Organization declared the outbreak of a COVID-19 as a pandemic, which continues to spread throughout the United States. The outbreak of the disease has affected travel, commerce, and financial markets globally. The University has been and continues to closely monitor the COVID-19 pandemic and its impact on the University community. Though the full impact of COVID-19 and the scope of any continued impact on the University's operations and financial condition cannot be determined, potential adverse consequences to the University of COVID-19 may include a decline in enrollment, a decline in demand for University housing and dining, postponement or cancellation of athletic, fundraising, and cultural events, and a decrease in interest and investment income from the University's investment assets.

Recently Adopted Accounting Standard

The University's financial statements and notes for fiscal 2022 and 2021 as presented herein reflect the adoption of GASB Statement No. 87, *Leases*, as of July 1, 2020. Under Statement No. 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about the University's leasing activities. As a result of this adoption the opening net position as of July 1, 2020, was reduced by \$144,597. See Note 13 for additional information on leases.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Pending Accounting Standards

The GASB has issued the following statements:

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* (effective for the year ending June 30, 2023). The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (“PPPs”).

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* (effective for the year ending June 30, 2023). This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (“SBITAs”).

University management is in the process of determining what, if any, impact implementation of these standards may have on the University’s financial statements.

NOTE 2 - CASH AND CASH EQUIVALENTS, INVESTMENTS AND DEPOSITS HELD BY BOND TRUSTEES

Cash and Cash Equivalents

Cash and cash equivalents consisted of the following as of June 30, 2022 and 2021:

	2022	2021
Cash and cash equivalents:		
Cash (bank accounts)	\$ 7,789,503	\$ 8,307,563
New Jersey Cash Management Fund	81,490	81,322
Total	\$ 7,870,993	\$ 8,388,885

Cash balances maintained by banks amounted to \$11,444,467 and \$10,550,570 as of June 30, 2022 and 2021, respectively, of which \$250,000 are Federal Deposit Insurance Corporation insured. Bank balances in excess of insured amounts of \$11,194,467 and \$10,300,570 as of June 30, 2022 and 2021, respectively, were collateralized in accordance with Chapter 64 of Title 18A of New Jersey Statutes.

The University participates in the State of New Jersey Cash Management Fund wherein amounts also contributed by other State entities are combined into a large-scale investment program. The cash management fund is unrated. Statutes of the State of New Jersey (“Statutes”) and Regulations of the State Investment Council (“Regulations”) authorize the New Jersey Division of Investment to invest in obligations of the U.S. Treasury, agencies and municipal or political subdivisions of the State, commercial paper, bankers’ acceptances, revenue obligations of public authorities, debt instruments of banks, collateralized notes and mortgages, certificates of deposit, repurchase agreements, equity, convertible equity securities, and other common types of investment securities. Investee institutions and organizations are prescribed by the Statutes and Regulations based on such criteria as minimum capital, dividend paying history, credit history, and other evaluation factors.

Investments

Investments, at fair value, consisted of the following as of June 30, 2022 and 2021:

	2022	2021
Money market accounts	\$ 14,149,445	\$ 9,513,116
U.S. Treasury and agency obligations	361,699	178,197
Corporate bonds	1,524,622	1,643,642
U.S. government bonds	387,972	584,237
Stocks	3,286,623	5,283,589
Mutual funds	96,726,082	105,741,224
Alternative investments	14,556,479	17,283,793
Total	\$ 130,992,922	\$ 140,227,798

The University's investments are subject to custodial credit risk, credit risk, concentration of credit risk and interest rate risk. Each one of these risks is described in more detail below.

The University's investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the University and are held by either the counterparty or the counterparty's trust department or agent but not in the University's name. The investment risk is that, in the event of the failure of the counterparty to a transaction, the University will not be able to recover the sale of the investment or collateral securities that are in the possession of the outside party. As of June 30, 2022 and 2021, the University's investments were either insured, registered, or held by the University's investment custodian in the University's name and, accordingly, not subject to custodial credit risk.

Credit risk is the risk that an investment issuer or other counterparty to an investment will not fulfill its obligations. GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, requires that disclosure be made as to the credit rating of all fixed income securities except obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government. The credit risk of a debt instrument is measured by nationally recognized statistical rating agencies such as Moody's, Fitch or Standard and Poor's ("S&P").

Concentration of credit risk is the risk associated with the amount of investments the University has with any one issuer or agreement with a counterparty that exceeds 5% or more of its total investments. The University's investment policy provides guidance pertaining to the diversification of the investment portfolio. The University's investment policy requires each investment manager to develop and propose a diversification strategy to the University's Investment Committee. The Investment Committee's agreement to the proposed strategy will not alter the investment manager's responsibility for the results of pursuing that diversification strategy.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The University's investment policy provides limitations in the maturities and composition of the various types of investments as a means of managing its exposure to fair value losses arising from interest rate fluctuations.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

The following tables present the University's credit and interest rate risk on its fixed-income investments as of June 30, 2022 and 2021:

Investment Type	June 30, 2022 Investment Maturities (in Years)				
	S&P Ratings	Fair Value	Less than 1	1 to 2	Greater than 2
U.S. Treasury and agency obligations	AA to Aa	\$ 361,699	\$ -	\$ -	\$ 361,699
Corporate bonds	AA to Ba	1,524,622	-	-	1,524,622
U.S. government bonds	AA to Aa	387,972	-	-	387,972
Total		<u>\$ 2,274,293</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,274,293</u>

Investment Type	June 30, 2021 Investment Maturities (in Years)				
	S&P Ratings	Fair Value	Less than 1	1 to 2	Greater than 2
U.S. Treasury and agency obligations	AA to Aa	\$ 178,197	\$ -	\$ -	\$ 178,197
Corporate bonds	AA to Ba	1,643,642	-	62,700	1,580,942
U.S. government bonds	AA to Aa	584,237	-	-	584,237
Total		<u>\$ 2,406,076</u>	<u>\$ -</u>	<u>\$ 62,700</u>	<u>\$ 2,343,376</u>

Fair value measurements and disclosures provide the framework for measuring fair value. Fair value is defined as the price that would be received to sell an asset or the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework established for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques require maximization of observable inputs and minimization of unobservable inputs.

The levels of the fair value hierarchy are as follows:

- Level 1 - Quoted prices are available in active markets for identical assets or liabilities. A quoted price for an identical asset or liability in an active market provides the most reliable fair value measurement because it is directly observable to the market.
- Level 2 - Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable. The nature of these securities includes investments for which quoted prices are available but traded less frequently and investments that are fair valued using other securities, the parameters of which can be directly observed.
- Level 3 - Securities that have little to no pricing observability. These securities are measured using management's best estimate of fair value, where the inputs into the determination of fair value are not observable and require significant management judgment or estimation. Also included in Level 3 are investments measured using a net asset value ("NAV") per share, or its equivalent, that cannot be redeemed at the NAV or for which redemption at NAV is uncertain due to lockup periods or other investment restrictions.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

The financial instruments' level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement and does not necessarily correspond to the University's perceived risk of such investment.

The following table sets forth, by level, the University's investments at fair value within the fair value hierarchy as of June 30, 2022:

	Fair Value	Level 1	Level 2	NAV
Investments by fair value level				
U.S. Treasury and agency obligations	\$ 361,699	\$ 361,699	\$ -	\$ -

(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Deposits Held by Bond Trustees

Deposits held by bond trustees include restricted funds held by board-approved trustees. Deposits held by bond trustees are carried in the accompanying financial statements at fair value, as determined by quoted market prices, and consist primarily of cash and cash equivalents. As of June 30, 2022 and 2021, deposits held by bond trustees included the following:

	2022	2021
Cash and cash equivalents - cash held by trustees	\$ 10,838,401	\$ 9,617,472

The investments held by trustees are held in U.S. Treasury bills for debt service requirements and are considered Level 1 inputs.

The University's investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the University and are held by either the counterparty or the counterparty's trust department or agent but not in the University's name. The University's deposits held with bond trustees are held in the University's name.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The above investments are current in nature, and interest rate risk is minimal, if any.

As of June 30, 2022 and 2021, deposits held by bond trustees were composed of funds held for the following purposes:

	2022	2021
State capital grant programs	\$ -	\$ 4,389
Construction	-	571,551
Debt service and debt service reserves	10,838,401	9,041,532
Total	\$ 10,838,401	\$ 9,617,472

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

NOTE 4 - ACCOUNTS PAYABLE AND ACCRUED EXPENSES

As of June 30, 2022 and 2021, accounts payable and accrued expenses consisted of the following:

	2022	2021
Accounts payable, construction	\$ 1,978,618	\$ 1,107,265
Accounts payable, other	4,553,508	4,050,937
Accrued salaries, fringe benefits and withholdings	7,645,884	7,106,075
Accrued interest on bonds payable and other long-term debt	4,892,140	5,298,229
Total	\$ 19,070,150	\$ 17,562,506

NOTE 5 - STATE PAID FRINGE BENEFITS

The State of New Jersey, through separate appropriations, pays certain fringe benefits (principally health insurance and FICA taxes) on behalf of University employees. Such benefits amounted to \$31,415,082 and \$30,605,278 for the years ended June 30, 2022 and 2021, respectively, and are included in both the State of New Jersey appropriations revenue and operating expenses in the accompanying financial statements.

NOTE 6 - RETIREMENT PROGRAMS

General Information about Pension Plans

The University participates in several retirement plans covering its employees - the Public Employees' Retirement System ("PERS"), the Police and Firemen's Retirement System ("PFRS"), and the Alternate Benefit Program ("ABP"), which are administered by the State of New Jersey, Division of Pensions and Benefits (the "Division"). PERS and PFRS are defined benefit pension plans, and ABP is a defined contribution pension plan. Generally, all employees, except certain part time employees, participate in one of these plans.

The State issues a publicly available Comprehensive Annual Financial Report of the State of New Jersey, Division of Pensions and Benefits, which includes financial statements and required supplementary information for PERS and PFRS. These reports can be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625 0295, or obtained at www.nj.gov/treasury/pensions.

Defined Benefit Plans

Public Employees' Retirement System

PERS is a cost-sharing, multiple-employer defined benefit pension plan which provides coverage to substantially all full-time employees and certain part-time employees of the State or public agencies who are not members of another State-administered retirement system.

Membership is mandatory for eligible employees. The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death, and disability benefits, including post-retirement health care benefits. All benefits vest after ten years of service, except for health care benefits, which vest after 25 years of service or under the disability provisions of PERS. Benefits are determined by member's tier

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

(based on date of enrollment), as defined in the PERS plan documents, member's age, years of service, and final compensation.

The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. The current employee contribution rate is 7.5% of base salary. Employer contributions are based on an actuarially determined rate, which was 27.8% and 21.7% of annual covered payroll for the years ended June 30, 2022 and 2021, respectively. The annual employer contributions include funding for basic retirement allowances and noncontributory death benefits. The State's contribution on behalf of the University ("State Contribution") to PERS for the years ended June 30, 2022 and 2021 was \$5,793,372 and \$5,653,290, respectively, which is recognized as a deferred outflow of resources in the statements of net position.

Police and Firemen's Retirement System

PFRS is a cost-sharing multiple-employer defined benefit pension plan which provides coverage for substantially all permanent, full-time police officers and firemen in the State.

Membership is mandatory for eligible employees. The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement, death, and disability benefits, including post-retirement health care benefits. All benefits vest after ten years of service, except for health care benefits, which vest after 25 years of service and disability benefits which vest after four years of service. Benefits are determined by member's tier (based on date of enrollment), as defined in the PFRS plan documents, member's age, years of service, and final compensation.

The contribution policy is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. The current employee contribution rate is 10.0% of base salary. Employer contributions are based on an actuarially determined rate, which was 78.9% and 59.3% of annual covered payroll for the years ended June 30, 2022 and 2021, respectively. The annual employer contributions include funding for basic retirement allowances and noncontributory death benefits. The State contribution to PFRS for the years ended June 30, 2022 and 2021 was \$491,738 and \$531,798, respectively, which is recognized as a deferred outflow of resources in the statements of net position.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

Net pension liability, pension expense, deferred outflows of resources, and deferred inflows of resources amounts recorded to reflect the provisions of GASB 68 are reflective of the respective plan's published financial statements and actuarial valuations as of June 30, 2021 ("Measurement Date"). The University's respective net pension liability, deferred outflows of resources, deferred inflows of resources, and net pension expense related to PERS and PFRS, at and for the fiscal year ended June 30, 2022, are as follows:

	PERS	PFRS	Total
Proportionate share of the net pension liability (\$)			
2021	\$ 172,451,219	\$ 11,086,359	\$ 183,537,578
2020	171,147,251	9,374,648	180,521,899
2019	164,700,547	10,173,510	174,874,057
2018	164,511,244	17,849,912	182,361,156
2017	186,353,409	9,167,389	195,520,798
2016	199,651,829	6,341,900	205,993,729
2015	157,129,973	6,709,530	163,839,503
2014	129,367,998	6,515,401	135,883,399
Proportionate share of the net pension liability (%)			
2021	0.797%	0.273%	
2020	0.770%	0.218%	
2019	0.716%	0.242%	
2018	0.694%	0.412%	
2017	0.727%	0.209%	
2016	0.679%	0.135%	
2015	0.662%	0.156%	
2014	0.643%	0.183%	
Deferred outflows of resources	\$ 35,949,916	\$ 4,956,859	\$ 40,906,775
Deferred inflows of resources	\$ 32,838,881	\$ 2,327,563	\$ 35,166,444
Net pension expense	\$ 5,452,945	\$ 1,788,586	\$ 7,241,531

The University's proportionate share of each respective plan's net pension liability was based on the State contribution to the respective plans from July 1, 2013 to June 30, 2021 relative to the total contributions from all participating employers.

June 30, 2022 and 2021

The components of pension related deferred outflows of resources and deferred inflows of resources at the Measurement Date for the fiscal year ended June 30, 2021 are as follows:

	PERS	PFRS	Total
Deferred outflows of resources:			
Differences between expected and actual experience	\$ 4,499,424	\$ -	\$ 4,499,424
Changes of assumptions	2,855,335	6,856	2,862,191
Net differences between projected and actual investment earnings on pension plan investments	1,942,228	227,169	2,169,397
Changes in proportionate share	18,402,470	1,849,116	20,251,586
Contributions subsequent to the measurement date	9,288,136	1,212,917	10,501,053
Total	<u>\$ 36,987,593</u>	<u>\$ 3,296,058</u>	<u>\$ 40,283,651</u>
Deferred inflows of resources:			
Differences between expected and actual experience	\$ 922,201	\$ 163,416	\$ 1,085,617
Changes of assumptions	38,534,083	1,112,987	39,647,070
Changes in proportionate share	3,837,235	1,042,380	4,879,615
Total	<u>\$ 43,293,519</u>	<u>\$ 2,318,783</u>	<u>\$ 45,612,302</u>

The deferred outflows of resources related to pensions resulting from contributions subsequent to the Measurement Date of \$13,565,938 for PERS and \$1,728,896 for PFRS will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense in the statement of revenues, expenses, and changes in net position as follows:

	PERS	PFRS	TOTAL
Years ending:			
2023	\$ (7,078,252)	\$ 272,873	\$ (6,805,379)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Actuarial Assumptions

The University's net pension liability at the Measurement Date was determined by an actuarial valuation as of July 1, 2020 which was rolled forward to June 30, 2021. The actuarial valuation used the following actuarial assumptions:

	PERS	PFRS
Inflation rate		
Price	2.75%	2.75%
Wage	3.25%	3.25%
Salary increases:		
Through 2026	2.00 - 6.00% based on years of service	3.25 - 15.25% based on years of service
Thereafter	3.00 - 7.00% based on years of service	3.25 - 15.25% based on years of service
Investment rate of return	7.00%	7.00%

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

For PFRS, employee mortality rates were based on the PubS-2010 amount-weighted mortality table with a 105.6% adjustment for males and 102.5% adjustment for females. For healthy annuitants, mortality rates were based on the PubS-2010 amount-weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females. Disability rates were based on the PubS-2010 amount-weighted mortality table with a 152.0% adjustment for males and 109.3% adjustment for females. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuations were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018 for PERS and July 1, 2013 to June 30, 2018 for PFRS.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the New Jersey Division of Investments and New Jersey Division of Pension and Benefits, the board of trustees of each plan and the plans' actuaries. Best estimates of the arithmetic real rates of return for each major asset class included PERS's and PFRS's target asset allocations at the Measurement Date are summarized in the following table:

<u>Asset Class</u>	<u>PERS and PFRS</u>	
	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Markets Equity	13.50%	8.71%
Emerging Markets Equity	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Estate	8.00%	9.15%
Real Assets	3.00%	7.40%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%

Discount Rates

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021 for both PERS and PFRS. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the plans calculated using the discount rates of 7.00% for PERS and 7.00% for PFRS, as well as what the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower or one-percentage-point higher than the current rate:

	<u>PERS</u>		<u>PFRS</u>	
	<u>Rate</u>	<u>Amount</u>	<u>Rate</u>	<u>Amount</u>
1% decrease	6.00%	\$ 197,925,917	6.00%	\$ 12,975,732
Current discount rate	7.00%	172,451,219	7.00%	11,086,359
1% increase	8.00%	150,897,069	8.00%	9,513,430

Defined Contribution Pension Plans

Alternate Benefit Program Information

ABP is a defined contribution retirement program administered by the Division for eligible full-time employees in accordance with N.J.S.A. 52:18A.

ABP provides retirement and death benefits for or on behalf of the full-time professional employees and faculty members participating in this retirement program. Participation eligibility as well as contributory and noncontributory requirements are established by the State of New Jersey Retirement and Social Security Law. Benefits are determined by the amount of individual accumulations and the retirement income option selected. All benefits vest after the completion of one year of service. Individually owned annuity contracts that provide for full ownership of retirement and survivor benefits are purchased at the time of vesting. ABP provides the choice of seven investment carriers, all of which are privately operated defined contribution retirement plans. The University assumes no liability for ABP members other than payment of contributions.

Participating University employees are required to contribute 5% of total base salary and may contribute a voluntary additional contribution of salary up to the maximum federal statutory limit, on a pretax basis. Employer contributions are 8% of base salary up to \$175,000. During the year ended June 30, 2022, ABP employer and employee contributions were \$5,308,113 and \$3,317,571, respectively, which were based on participating employee salaries of \$66,351,413. During the year ended June 30, 2021, ABP employer and employee contributions were \$4,946,159 and \$3,091,349, respectively, which were based on participating employee salaries of \$61,826,988. Employer contributions to ABP paid by the State of New Jersey are reflected in the accompanying financial statements as State of New Jersey appropriations revenue and as expenses.

NOTE 7 - OTHER POSTEMPLOYMENT BENEFITS

General Information about Postemployment Plans Other than Pensions

The University's retirees participate in the State Health Benefit State Retired Employees Plan (the "Plan").

Plan Description Including Benefits Provided - The Plan is a single-employer defined benefit other postemployment benefit plan, which provides medical, prescription drug, and Medicare Part B reimbursements to retirees and their covered dependents. Although the Plan is a single-employer plan, it is treated as a cost-sharing multiple employer plan for standalone reporting purposes. In accordance N.J.S.A. 52:14-17.32, the State of New Jersey (the "State") is required to pay the premiums and periodic charges for OPEB of State employees who retire with 25 years or more of credited service, or on a disability pension, from one or more of the following pension plans: the PERS, the ABP or the PFRS. In addition, Chapter 302, P.L. 1996 provides that for purposes of this plan, the University's employees retain any and all rights to the health benefits in the Plan, even though the University is considered autonomous from the State; therefore, its employees are classified as State employees. As such, the State is legally obligated for the benefit payments on behalf of the retirees of the University; therefore, the Plan meets the definition of a special funding situation as defined in GASB 75.

Retirees who are not eligible for employer-paid health coverage at retirement can continue in the program by paying the cost of the insurance for themselves and their covered dependents. Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage, who have less than 20 years of creditable service on June 28, 2011, will be required to pay a percentage of the cost of their healthcare coverage in retirement provided they retire with 25 years or more of pension service credit. The percentage

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

of the premium for which the retiree will be responsible for will be determined based on the retiree's annual retirement benefit and level of coverage.

The Plan is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the definition of a trust as per GASB 75.

Total OPEB Liability and OPEB expense

As of June 30, 2022 and 2021 the State recorded a liability of \$246,821,258 and \$282,719,809, respectively, which represents the portion of the State's total proportionate share of the collective total OPEB liability that is associated with the University (the "University's share"). The University's share was based on the ratio of its members to the total members of the Plan. At June 30, 2022 and 2021, the University's share was 3.632054% and 3.535329% of the special funding situation, respectively, and 0.989103% and 0.999127% of the Plan, respectively.

For the year ended June 30, 2022 and 2021, the University recognized OPEB expense of \$2,833,482 and \$4,955,592, respectively. As the State is legally obligated for benefit payments on behalf of the University, the University recognized revenue related to the support provided by the State of \$2,833,482 and \$4,955,592, respectively.

Actuarial Assumptions and Other Inputs - the State's liability associated with the University at June 30, 2022 and 2021 was determined by an actuarial valuation as of June 30, 2020 and 2019, which was rolled forward to the measurement dates of June 30, 2021 and 2020, respectively.

Inflation rate	2.50%
Discount rate	2.16% - June 30, 2021 2.21% - June 30, 2020
Salary increases through 2026	1.55% - 15.25%

The discount rate is based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Salary increases depend on the pension plan a member is enrolled in. In addition, they are based on age or years of service.

June 30, 2021 Measurement Period

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS/JRS), and "Safety" (SPRS/PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Future disability mortality was based on the Pub-2010 "Safety" (PFRS/SPRS), "Teachers" (TPAF/ABP), and "General" (PERS/JRS) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Current disabled retirees mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

Certain actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies of the State of New Jersey's defined benefit pension plans, including PERS (July 1, 2014 through June 30, 2018), ABP (using the experience of the Teacher's Pension and Annuity Fund - July 1 2015 through June 30, 2018), and PFRS (July 1, 2013 through June 30, 2018).

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Health Care Trend Assumptions - For pre-Medicare medical benefits, the trend is initially 5.65% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.79% in fiscal year 2024, increasing to 13.79% in fiscal year 2025 and decreases to 4.5% after 11 years. For HMO the trend is initially 5.98% in fiscal year 2024, increasing to 15.49% in fiscal year 2025 and decreases to 4.5% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to 4.5% long-term trend rate after seven years.

June 30, 2020 Measurement Period

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS/JRS), and "Safety" (SPRS/PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Disability mortality was based on the Pub-2010 "Safety" (PFRS/SPRS), "Teachers" (TPAF/ABP), and "General" (PERS/JRS) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020.

Certain actuarial assumptions used in the June 30, 2019 valuation were based on the results of actuarial experience studies of the State of New Jersey's defined benefit pension plans, including PERS (July 1, 2014 through June 30, 2018), ABP (using the experience of the Teacher's Pension and Annuity Fund - July 1 2015 through June 30, 2018), and PFRS (July 1, 2013 through June 30, 2018).

Health Care Trend Assumptions - For pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.00% and decreases to a 4.5% long-term trend rate after seven years.

Bonds Payable

The University issued the Series 2016A Bonds on July 13, 2016, consisting of \$176,095,000 Serial Bonds and \$26,350,000 5.00% Term Bonds. The Serial Bonds bear interest at rates between 3.00%-5.00%, with the average being 4.71%. They are due annually each July 1 through 2037. The \$26,350,000 Term Bonds are due July 1, 2041. The Series 2016A Bonds were issued to finance the refunding of the outstanding Series 2006F Bonds, the advance refunding of the outstanding Series 2007G Bonds and outstanding Series 2008A Bonds, and the renovation, acquisition, installation and construction of certain capital improvements to the University's facilities. The financing included a premium of \$33,978,925, which is amortized as a component of interest expense over the life of the bond.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

The Bond Series 2016A refunded Bond Series 2006F, 2007G and 2008A. \$210,219,046 was placed in an irrevocable trust with an escrow agent to provide for future debt service payments. As a result, the refunded Series Bonds are considered to be defeased, and the related liability has been removed from the statements of net position. This transaction resulted in a loss on advance refunding which is presented as a deferred outflow and is amortized as a component of interest expense over the life of the defeased Series Bonds.

Other Long-Term Debt

During 2003, the University entered into a lease agreement with the New Jersey Educational Facilities Authority (the "Authority"), along with other colleges and universities. Under the terms of the agreement, the Authority issued Series 2002A Revenue Bonds to provide funding for the Higher Education Capital Improvement Fund. The University was allocated \$17,204,000 of the total proceeds of the bond issue to be used for academic campus exterior repairs, HVAC improvements, gallery safety rails, Housing II roof replacement, and F-Wing extension and renovation design. The terms of the agreement require one-third of the total allocation, or \$5,734,667, to be repaid in annual rental payments equal to the University's allocable share of the Series 2002A Bonds and related program expenses through 2022.

During 2004, the University entered into a lease agreement with the Authority, along with other colleges and universities. Under the terms of the agreement, the Authority issued Series 2004A Revenue Bonds to provide funding for the Higher Education Capital Improvement Fund. The University was allocated \$3,848,250 of the total proceeds of the bond issue to be used for Housing I exterior and Housing I HVAC. The terms of the agreement require one-third of the total allocation, or \$1,282,750, to be repaid in annual rental payments equal to the University's allocable share of the Series 2004A Bonds and related program expenses through 2024.

During 2014, the University entered into a lease agreement with the Authority, along with other colleges and universities. Under the terms of the agreement, the Authority issued Series 2014A Revenue Bonds to provide funding for the Higher Education Capital Improvement Fund. The University was allocated \$10,600,000 of the total proceeds of the bond issue to be used for the Arts and Science Renovations and an Energy Management Project. The terms of the agreement require one-third of the total allocation, or \$3,287,691, to be repaid in annual rental payments equal to the University's allocable share of the Series 2014A Bonds through 2034. The financing included a premium of \$245,288 which is amortized as a component of interest expense over the life of the bond.

During 2014, the University entered into a lease agreement with the Authority, along with other colleges and universities. Under the terms of the agreement, the Authority issued Series 2014 Revenue Bonds to provide funding for the Higher Education Equipment Leasing Fund. The University was allocated \$7,595,000 of the total proceeds of the bond issue to be used for the Science Building Teaching Laboratory Equipment and the Education Technology Project. The terms of the agreement require one-quarter of the total allocation, or \$1,652,956, to be repaid in annual rental payments equal to the University's allocable share of the Series 2014 Bonds through 2023. The financing included a premium of \$241,699 which is amortized as a component of interest expense over the life of the bond.

During 2017, the University entered into a lease agreement with the Authority, along with other colleges and universities. Under the terms of the agreement, the Authority issued Series 2016B Revenue Bonds to provide funding for the Higher Education Capital Improvement Fund. The University was allocated \$22,000,000 of the total proceeds of the bond issue to be used for the Atlantic City academic building. The terms of the agreement require one-third of the total allocation, or \$7,332,600, to be repaid in annual rental payments equal to the University's allocable share of the Series 2016B Bonds and related program expenses through 2036.

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

On June 12, 2015, the University issued \$18,830,826 of Tax-Exempt Series 2015E Revenue Refunding Bonds issued through the Authority. The 2015E issuance was issued as a direct loan with a fixed interest rate of 2.83% and a final maturity of July 1, 2028. The proceeds of the 2015E Bonds were used to refund Series 2005F Bonds originally issued October 27, 2005 including issuance costs of \$123,222. This transaction resulted in a gain on refunding which is a deferred inflow and amortized as a component of interest expense over the life of the 2015E Series Bonds.

On February 12, 2020, the University issued \$5,935,000 of Tax-Exempt Series 2020A Revenue Refunding Bonds issued through the Authority. The 2020A issuance was issued as a direct loan with a fixed interest rate of 2.14% and a final maturity of February 1, 2035. The transaction structure is a direct placement with T.D. Bank, N.A. Proceeds from this transaction financed the University's acquisition of a 42-room residence facility located approximately 2 miles from the University's main campus in Galloway Township.

The University is the guarantor and obligor of a \$10,275,500 loan by and between the Casino Reinvestment Development Authority and Atlantic City University Housing Associates LLC, whose sole and managing member is the Atlantic City Development Corporation (ACDevco). The loan agreement is dated May 13, 2021. Repayment begins July 1, 2028 bearing an interest rate of 3.00%. Payments are due semiannually each July 1 and January 1 through 2053. The loan was issued to finance a portion of the costs of the development and construction of an approximately 135,000 square foot building that will provide additional student housing for students of the University as part of the expansion of the University's campus in Atlantic City.

Stockton University Atlantic City Campus

The University is the guarantor, and obligor under a financed purchase agreement, for the Atlantic County Improvement Authority's issuance on September 22, 2016, General Obligation Lease Revenue Series 2016A Bonds consisting of \$26,950,000 Serial Bonds and \$18,905,000 3.25% Term Bonds, \$22,650,000 4.00% Term Bonds, and \$10,475,000 5.00% Term Bonds. The Serial Bonds bear interest at rates between 2.125-5.00%, with the average being 4.40%. They are due annually each July 1 through 2036. The Term Bonds fully mature July 1, 2048. These bonds were issued to finance a portion of the costs of the development and construction of the University's Atlantic City campus.

In September 2018, the University utilized \$2,180,246 of the bond funds towards the Atlantic City Academic project which is recorded as a deferred inflow of financial resources. This deferred inflow is amortized and recognized as a component of interest expense over the lease term. The balance of the deferred inflow was \$1,889,472 and \$1,998,480 at June 30, 2022 and 2021, respectively.

The University is the guarantor, and obligor under a financed purchase agreement, for the Atlantic County Improvement Authority's issuance on May 4, 2021, General Obligation Lease Revenue Series 2021A Bonds consisting of \$23,225,000 Serial Bonds, \$13,830,000 4.00% Term Bonds, and \$17,495,000 4.00% Term Bonds. The Serial Bonds bear interest at rates between 4.00-5.00%, with the average being 4.66%. They are due annually each July 1 through 2041. The Term Bonds fully mature July 1, 2047 and July 1, 2053, respectively. These bonds were issued to finance the costs of the development and construction of an approximately 135,000 square foot building that will provide additional student housing for students of the University as part of the expansion of the University's campus in Atlantic City.

2038-2042	68,557,800	21,288,315	89,846,115
2043-2055	65,953,800	13,950,459	79,904,259
Total	<u>\$ 360,281,627</u>	<u>\$ 205,978,269</u>	<u>\$ 566,259,896</u>

NOTE 9 - LINE OF CREDIT

The University has available a \$73,561,175 revolving priority credit line with Wells Fargo Advisors which has no expiration and had no outstanding balance as of June 30, 2022 and 2021. Interest is payable monthly at a rate of 2.71% of the priority credit line outstanding, if any. The credit line is available for all purposes, with the exception of the purchase of additional securities, is fully collateralized by the investments of the University, and is due on demand. Interest expense was \$0 and \$14,244 for the years ended June 30, 2022 and 2021, respectively.

NOTE 10 - LONG-TERM LIABILITIES

Activity in long-term liabilities for the years ended June 30, 2022 and 2021 are as follows:

The Foundation provided support of \$2,497,200 and \$1,619,036 to the University for scholarships, academic, faculty, and facilities support for the years ended June 30, 2022 and 2021, respectively. The University provided in-kind finance and administrative services to the Foundation of \$1,050,248 and \$981,631 for the years ended June 30, 2022 and 2021, respectively.

The Foundation provided support to SASI for the Sam Azeez Museum of \$0 and \$165,050 for the years ended June 30, 2022 and 2021, respectively.

The University issued a line of credit to SASI in the amount of \$2,000,000 which was repaid by SASI during the year ended June 30, 2021 upon its dissolution. The University charged interest on the outstanding principal balance from the date advanced until the full amount of principal was paid at a fixed rate equal to 2.85%. Interest expense on the line of credit totaled \$27,114 for the year ended June 30, 2021. SASI reimbursed the University for use of space and personnel through payment of an overhead charge. For the year ended June 30, 2021, the overhead charge was \$81,282.

The University issued a line of credit to NARTP in the amount of \$1,500,000. During the year ended June 30, 2020, NARTP's \$100,000 University advance due to the University as of June 30, 2019, was added to the outstanding loan balance from the University. As of both June 30, 2022 and 2021, a note receivable in the amount of \$1,441,700 was reflected in the financial statements of the University relating to this line of credit. The University charges interest on the outstanding principal balance from the date advanced until the full amount of principal has been paid at a fixed rate equal to 2.85% for the years ended June 30, 2022 and 2021, respectively. The interest rate will be reviewed and changed by the University, at its sole discretion, to a rate equal to 150 basis points plus the thirty-year U.S. Treasury Note rate at the

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

time of the interest review. Per the agreement, interest payments on the outstanding principal balance shall be deferred until the earlier of one year following the issuance of a certificate of occupancy for the first building for tenant occupancy in NARTP or April 10, 2024. Interest expense on the line of credit totaled \$41,659 for the years ended June 30, 2022 and 2021.

NOTE 12 - COMMITMENTS AND CONTINGENCIES

Compensated Absences

The University recorded a liability for compensated absences in the amount of \$4,720,206 and \$5,175,558 for the years ended June 30, 2022 and 2021, respectively. The liability is calculated based upon employees' accrued vacation leave as of year end, as well as an estimated vested amount for accrued sick leave.

Payments for accumulated sick leave balances are made to retiring employees upon regular retirement. The payment is based on 50% of the employee's sick leave accumulation, at the pay rate in effect at the time of retirement up to a maximum of \$15,000. Employees separating from University service prior to retirement are not entitled to payments for accumulated sick leave balances.

Litigation

The University is a party to various legal actions arising in the ordinary course of business. While it is not possible, at this time, to predict the ultimate outcome of these actions, it is the opinion of management that the resolution of these matters will not have a material adverse effect on the University's financial statements.

Grants

The University receives support from federal government and State of New Jersey grant programs, primarily student financial assistance. Entitlement to these resources requires compliance with terms of the grant agreements and applicable regulations, including the expenditure of the resources for allowable purposes. Substantially all grants are subject to financial and compliance audits by the respective sponsors. As of June 30, 2022 and 2021, the University believes that adjustments, if any, as a result of such audits would not have a material adverse effect on the University's financial statements.

Construction Contracts

The University has outstanding construction commitments in the amount of \$3,361,684 as of June 30, 2022. These commitments are primarily related to projects on the Galloway campus. It is expected that all of the funding for these projects will be allocated from unrestricted resources.

Stockton University Atlantic City Campus

On September 22, 2016, the Atlantic County Improvement Authority ("ACIA") issued \$78,980,000 of its Revenue Notes, Series 2016A. The proceeds of the notes were loaned by ACIA to Island Campus Redevelopment Urban Renewal Associates LLC (the "Landlord"), whose sole and managing member is the Atlantic City Development Corporation ("ACDevco"), pursuant to a Loan Agreement dated September 30, 2016 to finance a portion of the costs of the development and construction in connection with the establishment of the University's new Atlantic City campus. The Landlord is leasing the property to the University pursuant to the Master Lease Agreement dated September 30, 2016. At the end of the term, title to the property will be transferred to the University upon payment of the outstanding amounts due on the ACIA's notes and on ACDevco's equity contribution. Leasehold improvements capitalized under this

STOCKTON UNIVERSITY
(A Component Unit of the State of New Jersey)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

agreement totaled \$81,080,000 with the related accumulated depreciation of \$10,585,444 and \$7,882,778 at June 30, 2022 and 2021, respectively.

On May 4, 2021, the ACIA issued \$54,550,000 of its Revenue Notes, Series 2021A. The proceeds of the notes were loaned by ACIA to Atlantic City University Housing Associates LLC (the "Landlord"), whose sole and managing member is ACDevco, pursuant to a Loan Agreement dated May 1, 2021 to finance the costs of the development and construction of an approximately 135,000 square foot building that will provide additional student housing for students of the University as part of the expansion of the University's campus in Atlantic City. The Landlord is leasing the Property to the University pursuant to the Master Lease Agreement dated May 13, 2021. At the end of the term, title to the property will be transferred to the University upon payment of outstanding amounts due on the ACIA's notes. Leasehold improvements capitalized under this agreement totaled \$64,825,500 with related accumulated depreciation of \$0 at June 30, 2022.

Power Purchase Agreements

The University entered into various agreements with Stockton Blue Sky Power, LLC ("Blue Sky") related to the construction of a solar power plant at the University. Blue Sky owns and operates the solar power plant, and the University leases the space on campus where the solar power plant is located. The University agreed to purchase all of the energy produced by the solar power plant for a 15-year period at a fixed rate of \$0.03 per kWh, expiring on May 25, 2026.

The University entered into various agreements with Marina Energy LLC related to solar energy conversion services. The University agreed to purchase all of the solar energy produced for a 10-year period at the rate of \$0.09 per kWh with an increase of 2% per year after the first year. The latest agreement expires on October 21, 2029.

NOTE 13 - LEASES

The University adopted GASB Statement No. 87, *Leases*, for its June 30, 2022 financial statements. Fiscal year 2021 balances and activities were restated to reflect this adoption. The University is a lessee for non-cancellable leases of building and equipment assets. A lease liability and an intangible right-to-use asset with initial, individual undiscounted payments of the term of the lease value of \$5,000 or more is recognized. At the commencement of a lease, the lease liability is measured at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The intangible right-to-use asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the intangible right-to-use asset is amortized on a straight-line basis over its useful life. The University uses an estimated incremental borrowing rate as the discount rate for leases. The borrowing rate varies from 0.9% to 3.82% depending on the length of the lease as of June 30, 2022 and 2021.

STOCKTON UNIVERSITY
(A Component Unit of The State of New Jersey)

**NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL
AND STATE OF NEW JERSEY AWARDS**

June 30, 2022

NOTE 1 - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards has been prepared in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). The accompanying Schedule of Expenditures of State of New Jersey Awards has been prepared in accordance with the requirements of the State of New Jersey Department of Treasury Circular 2015-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. The purpose of these schedules is to present the respective expenditures of Federal and State programs, under the accrual basis of accounting, of Stockton University (the "University") for the year ended June 30, 2022. For purposes of the respective schedules, Federal and State of New Jersey awards include any assistance provided by a Federal or State agency directly or indirectly in the form of grants, contracts, cooperative agreements, direct appropriations, loan and loan guarantees, and other noncash assistance. Because the schedules present only a selected portion of the activities of the University, they are not intended to, and do not, present either the net position of the University at June 30, 2022 or its changes in net position and cash flows for the year then ended. Accordingly, some amounts presented in the respective schedules may differ from amounts presented in, or used in the preparation of, the University's June 30, 2022 financial statements.

NOTE 2 - DIRECT LOAN PROGRAM AND NEW JERSEY COLLEGE LOANS TO ASSIST STATE STUDENTS

Loans made by the University to eligible students under the State of New Jersey College Loans to Assist State Students Program and the Federal Direct Loan Program during the year ended June 30, 2022 were as follows:

Federal Direct Student Loans	<u>\$ 47,889,929</u>
New Jersey College Loans to Assist State Students	<u>\$ 2,870,535</u>

The University is responsible only for the performance of certain administrative duties with respect to the Direct Loan Program and the New Jersey College Loans to Assist State Students Program and has no responsibility to collect these loans. Accordingly, these loans are not included in the University's financial statements. It is not practicable to determine the balance of loans outstanding to students of the University under these programs as of June 30, 2022.

NOTE 3 - FEDERAL PERKINS LOANS

The Federal Perkins Loan expenditures presented in the accompanying Schedule of Expenditures of Federal Awards of \$1,552,499 represent the total balance of loans outstanding under the Perkins Program. No new loans were made from the loan fund as the program has been discontinued by the Federal Government.

STOCKTON UNIVERSITY
(A Component Unit of The State of New Jersey)

**NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL
AND STATE OF NEW JERSEY AWARDS - CONTINUED**

June 30, 2022

NOTE 4 - SUBRECIPIENT AWARDS

The University passed through the following Federal awards to subrecipients during the year ended June 30, 2022:

<u>Federal Program</u>	<u>Subrecipient</u>	<u>Assistance Listing Number</u>	<u>Pass-Through Expenditures</u>
Wildlife Restoration and Basic Hunter Education (Cape May Wetlands WMA Habitat Restoration Monitoring & Evaluation)	The Wetlands Institute, Inc.	15.611	\$ 60,000
Promotion of the Humanities Federal/State Partnership (Rose Marie McCoy: It's Gonna Work)	Phenios Creighton Koellhoffer Media	45.129	<u>4,350</u>
			<u>\$ 64,350</u>

NOTE 5 - INDIRECT COSTS

The University utilizes a negotiated indirect cost rate and has not elected to use the 10% de minimis cost rate, as provided by §200.414 Indirect Cost (F&A) of the Uniform Guidance.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Stockton University

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (“*Government Auditing Standards*”), the financial statements of the business-type activities and the aggregate discretely presented component units of Stockton University (the “University”), a component unit of the State of New Jersey, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the University’s basic financial statements, and have issued our report thereon dated March 3, 2023.

Report on internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the University’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University’s internal control. Accordingly, we do not express an opinion on the effectiveness of the University’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the University’s financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on compliance and other matters

As part of obtaining reasonable assurance about whether the University’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements,

noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND STATE OF NEW JERSEY DEPARTMENT OF TREASURY CIRCULAR 2015-08

Board of Trustees
Stockton University

Report on compliance for each major federal and State of New Jersey program

Opinion on each major federal and state program

We have audited the compliance of Stockton University (the "University"), a component unit of the State of New Jersey, with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget's *OMB Compliance Supplement* and the State of New Jersey Department of Treasury Circular 2015-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*, that could have a direct and material effect on each of the University's major federal and state programs for the year ended June 30, 2022. The University's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2022.

Basis for opinion on each major federal and state program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("US GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("*Government Auditing Standards*"); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and the State of New Jersey Department of Treasury Circular 2015-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid* ("NJ Circular 2015-08"). Our responsibilities under those standards, the Uniform Guidance, and NJ Circular 2015-08 are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Other matter – federal expenditures not included in the compliance audit

Our audit of, and opinion on, the University's compliance for each major federal and state program does not include the compliance requirements governing student loan repayments under the federal Perkins Loan Program of the Student Financial Assistance cluster, because the University engaged Heartland ECSI to perform these compliance activities. This third-party servicer has obtained a compliance examination from another practitioner for the year ended June 30, 2022 in accordance with the U.S. Department of Education's, *Guide for Audits of Proprietary Schools and for Compliance Attestation Engagements of Third-Party Servicers Administering Title IV Programs*.

Responsibilities of management for compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal and state programs.

Auditor's responsibilities for the audit of compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS, *Government Auditing Standards*, the Uniform Guidance, and NJ Circular 2015-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with US GAAS, *Government Auditing Standards*, the Uniform Guidance, and NJ Circular 2015-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJ Circular 2015-08, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on internal control over compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the University's internal control over compliance that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

As described in our Report on Compliance for Each Major Federal and State Program above, this Report on Internal Control Over Compliance does not include the results of the other auditors' testing of internal control over compliance that is reported on separately by those auditors.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ Circular 2015-08. Accordingly, this report is not suitable for any other purpose.
