

Bulletin Program Description:

The Community Leadership and Civic Engagement (CLCE) concentration is an interdisciplinary concentration within Stockton's existing Bachelor of Arts in Liberal Studies (LIBA) degree. It is designed for students interested in becoming leaders and shapers of community, governmental, cultural, environmental, or humanities-based institutions. It incorporates a core set of General Studies classes with a range of disciplinary courses across the university that allows students to operationalize their LIBA learning plan in community-engaged ways. Through a combination of courses, service learning, independent study or internship experiences, students can take advantage of experiential learning opportunities in Atlantic City and County, translate academic learning into real-world experiences, and develop the knowledge, skills and values central to community leadership and engagement.

REQUIREMENTS

The CLCE concentration under LIBA requires students to take two courses required of all LIBA students. (Note: both courses have cognates in the CLCE curriculum.)

GEN 1032/2250	Introduction to Liberal Studies
GEN 2248	Perspectives on Civic Engagement OR GEN 3851 Service Learning

Students in the LIBA CLCE concentration will work closely with their preceptors and faculty mentors, as the current LIBA structure requires, to devise an individualized program of study that includes a selection of 4 additional core courses from the list below, classes which emphasize the knowledge, skills and values of engagement, leadership and service.

COURSES

Select up to two courses at the 2000-level, and at least two courses from the 3000/4000-level electives below, for a total of four courses.
