

Manahawkin Annual Report 2021-2022

We are pleased to present you with the 2021-2022 annual report for Stockton University at Manahawkin. First and foremost, we welcomed our first spring semester cohort of 20 Accelerated nursing students in January of 2022. We partnered with admissions and nursing faculty to offer eight Accelerated Baccalaureate of Nursing information sessions throughout the year for prospective students. We resumed offering in-person programming for students and the community.

Program Goals 2021-2022	Strategic Goals	Responsible Faculty/Staff	Completion Date	Optional Comments

Provide opportunities for prospective students to explore program options at the Manahawkin location and support current students and staff in engaging in community education service.	4.1. 2 EV 4.2.2 EM 4.4.2 EM	Michele Collins-Davies Nicole Heinrich Jackie Arnone	Ongoing	April 2022 for ABSN sessions Updated banner bugs Social media marketing campaign for ABSN program

In July of 2021 we co-hosted three vaccination clinics with Ocean County Health Department where the Stockton Accelerated Nursing (ABSN) students collaborated with the Ocean County Department of Health to provide the covid-19 vaccine and booster shot to 24 students, children and adult community members. In fall of 2022 most course offerings resumed in-person instruction. In support of Stockton's enrollment management goals, The Provost approved a new spring cohort for the Accelerated Nursing program. We co-hosted 8 in-person Accelerated Nursing Information Sessions, (4 in the fall and 4 in the spring), with the Associate Chair of the ABSN program and admissions staff. We organized the Manahawkin social media marketing campaign for the ABSN information sessions throughout the year and we are currently collaborating on a video that will promote the site and the ABSN program at Manahawkin.

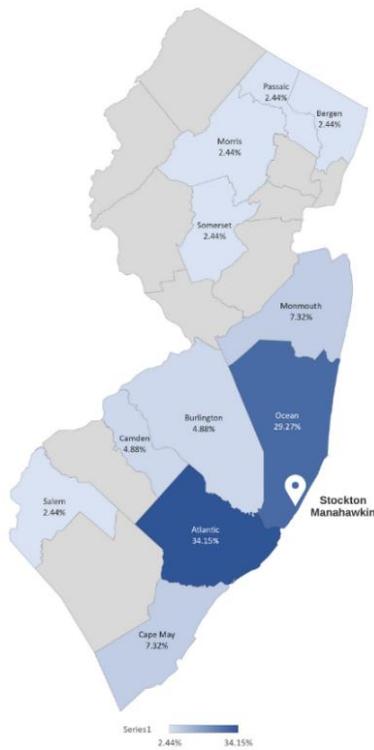

Stockton Center on Successful Aging (SCOSA) received a grant from Ocean County Older Americans Act funds to support Older Adult Education, Socialization and Recreation programs in Southern Ocean County. We supported programs throughout the year, including guided autobiography, everyday psychology, holocaust education, one stroke painting, chair yoga, knitting & crocheting, card making and an Older American's Month Celebration. We were the recipient of two (2) \$500.00 donation checks from the Hunger Foundation of Southern Ocean for the Manahawkin food insecurity program.

The Manahawkin Nursing Club elected new officers including students from both cohorts. The club received a budget of \$1500.00 for the 2022-23 academic year to offer co-curricular and social programming. We supported the nursing students by providing luncheons, study break refreshments and hosting zoom lectures. We promoted student services such as counseling, food assistance and tutoring throughout the year and hosted a Wellness Center tabling event. We have collaborated with Students Affairs to offer a program during the Accelerated Nursing Orientation session in June to provide an overview of services available to support student success. We collaborated with Campus Police to provide emergency preparedness and sharpshooter training. We engaged in community service initiatives, co-hosting a food collection with Sigma Theta Tau International Nursing Society Theta Sigma Chapter and Manahawkin Nursing Club drive for feminine hygiene products.

We continued to support the Ocean County not-for-profit community by hosting two forums with the Southern Ocean County Chamber of Commerce; a "Special funding initiative" presented by the Ocean County Cultural & Heritage Commission and a forum

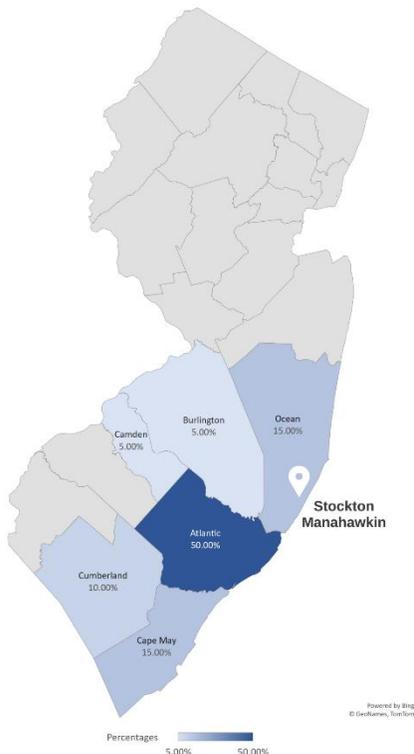

on Re-engaging Volunteers with Stockton’s Office of Service Learning. We were the host for the Ocean County Prosecutor’s Offices’ Crisis Intervention Training for police officers and mental health practitioners.

The ABSN program is sought after by many people across the state. In recent years, the ABSN program has brought students from a range of counties to Stockton Manahawkin. In Spring 2022, with a quick six-week recruitment turnaround, we heavily recruited eligible Stockton graduates.

Fall 2021 Cohort

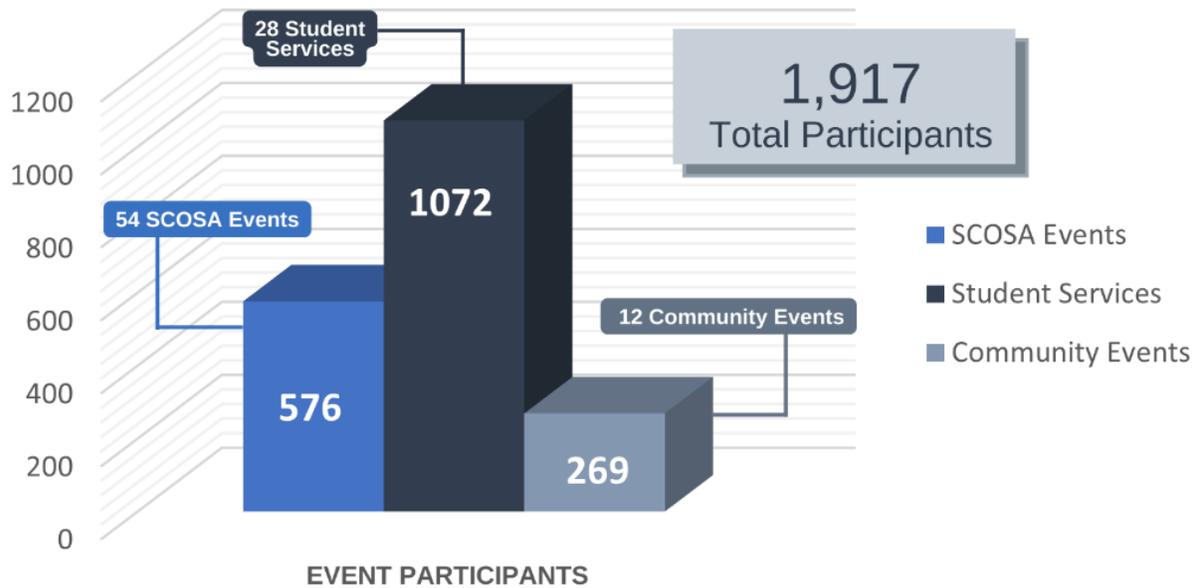

Atlantic County	14	34.15%
Ocean County	12	29.27%
Monmouth County	3	7.32%
Cape May County	3	7.32%
Burlington County	2	4.88%
Camden County	2	4.88%
Bergen County	1	2.44%
Morris County	1	2.44%
Passaic County	1	2.44%
Salem County	1	2.44%
Somerset County	1	2.44%
Total number of students	41	

Spring 2022 Cohort

Atlantic County	10	50.00%
Cape May County	3	15.00%
Ocean County	3	15.00%
Cumberland, County	2	10.00%
Burlington County	1	5.00%
Camden County	1	5.00%
Total number of students	20	

Stockton Manahawkin 2021-2022 Program Data

Stockton Manahawkin has hosted a total of 165 events during the 2021-2022 school year. During this time, we hosted 28 well attended student service events, consisting of mid-semester wellness events, multiple orientations for incoming nursing cohorts and educational programming. SCOSA has collaborated with the Manahawkin campus to host one-day workshops celebrating different heritages. Stockton Manahawkin has also hosted weekly SCOSA classes and 4–8-week Stockton Institute for Lifelong Learning (SILL) classes.

We are excited about the progress made in reestablishing programming for students and the community over the past year. We look forward to expanding services and programming offered by utilizing our allocated staff budget for 2022-2023 to hire an additional TES to support future initiatives. Our goals for 2022-2023 are listed below.

Program Goals 2022-2023	Strategic Goals	Responsible Faculty/Staff	Completion Date	Optional Comments
Continue to collaborate with academic and student affairs, facilities management, and campus police to ensure diversification of scheduling and course delivery methods and efficiency of Manahawkin physical space and support services.	1.3.3 IT 3.3.A AA 4.2.A -EM	Michele Collins-Davies Nicole Heinrich		
Cultivate relationships within the University to infuse innovative, academic, and experiential learning opportunities for students and community members.	4.1.3 EM	Michele Collins-Davies		
Provide opportunities for prospective students to explore program options at the Manahawkin location in partnership with enrollment management.
