From the age of nine, Frandsen has woven baskets with her mother, working with reed and oak. In recent years she has been exploring the areas of mixed media baskets, including handmade paper baskets adorned with ribbon and beads. Frandsen has been using wool, felt, and yarns to make sculptures and small novelty gifts. Her work includes wool bead jewelry and woven twigs with needle felted wools to sculpt small birds' nests. As a fiber artist she enjoys the textures and techniques of needle felting, paper folding and embroidery. So comfortable in the art studio using all mediums of expression she creates heirloom pieces from memories of the past. "I believe that history inspires me to create for the future." Frandsen holds a B.A. in Art Management & Art History from the Richard Stockton College of NJ.
