**2012 LETTER OF AGREEMENT**  
**Program Coordinators, Directors, & Other Designated Faculty**

**PREAMBLE** The Richard Stockton College of New Jersey has organized its academic units into Programs rather than traditional departments. This has been one feature that supports the College's tradition of interdisciplinary work and commitment to the commons of general studies. We agree on the desirability of maintaining permeable disciplinary boundaries.

Although other structures exist (e.g., interdisciplinary minors), the Program is the primary unit of organization below the level of the Academic School. Even as we preserve the interdisciplinary character of the College, members of each Program have collective responsibility for critical areas of Program operation. These include:

- Establishing a consensus on the mission and direction of the Program consistent with institutional mission (including the graduate mission where appropriate), as well as with faculty and student interests.
- Recruiting, supporting, and evaluating faculty, including adjunct faculty, so as to maximize the academic strength of the Program. Where appropriate, maintaining a faculty qualified to teach the discipline at the graduate level and sufficient to cover all areas of the curriculum
- Establishing and maintaining a culture of scholarship and creative activity among faculty and students appropriate to the relevant undergraduate and/or graduate programs.
- Establishing a well-designed and current curriculum comprising both Program and general studies courses that is taught regularly in a pattern that meets student needs.
- Providing thoughtful and pedagogically sound instruction that is underpinned by assessment as required by our regional accrediting body.
- Meeting the needs of both majors and the broader student population of the College in areas outside the classroom.
- Defining student learning outcomes appropriate to the program mission and the discipline, and assessing students' achievement of these.
- Maintaining adequate systems for precepting students, keeping all student records current, and processing paperwork for students in a timely fashion.
- Playing a service role both inside and external to the College.
- Assuring that the program is eligible for accreditation or re-accreditation if needed and that students completing the program are qualified for licenses and certifications within the mission of the program.

In the case of graduate programs, in addition to the above,

- Recruiting and admitting students able to benefit from and contribute to the program, and providing them with appropriate supports, including advising. Monitoring their progress through the program.
- In collaboration with other graduate programs, supporting the overall quality and vitality of graduate education at the College.
- In conjunction with the supervising Dean, establishing and working with an appropriate advisory body, and working with other appropriate constituencies in the community.

## **GENERAL PROVISIONS**

### **DEFINITIONS**

**DEANS:** Unless specified otherwise, **for purposes of this Agreement**, the word Dean means the supervising Dean as set forth in this section:

The Dean of each Academic School (e.g. ARHU, BUSN, EDUC, GENS, HLTH, NAMS, SOBL) supervises the academic programs within his/her school.

The Dean of SOBL supervises the interdisciplinary minors in GERO and BHNS.

The Dean of GENS supervises all other interdisciplinary minors, with the exception of those that may be developed within a School other than GENS, within the term of this Agreement.

The Dean of GENS supervises the coordinators of the FRST, QUAD, and WRITING programs, Writing Minor, and G-Group Conveners.

The PROVOST shall designate the supervisor of the following: the Coordinator of International Education, the Pre-Professional (Pre-Engineering, Pre-Law and Pre-Medical) Advisors, the Coordinator of the Freshman Seminars, the Director of the Honors Program, and the Director of the Institute for Faculty Development, Director of SCOSA, Director of SCEFL, Director of Research and Policy Analysis, William J. 2. Track coordinators: All faculty whose primary appointment is in the track.
3. Interdisciplinary Studies Coordinators and Interdisciplinary Graduate Directors: All core faculty and those who have taught courses during the Coordinator's term.
4. Graduate Directors: Where accreditation standards dictate a definition of program faculty, Graduate Directors will be elected and evaluated by faculty consistent with that definition; In all other cases, Graduate Directors will be elected and evaluated by all faculty whose primary appointment is to the program.

5. G-Group Conveners: All faculty who have submitted courses and/or taught in the designated G-Group as identified by the Dean of GENS during the convener's term.

9. In all cases, Faculty shall include faculty appointed under XIII-O during any year when the faculty member is under contract for the following academic year, but shall exclude other XIII-0 faculty and all XIII-D faculty.

**DESIGNATED FACULTY:** means Program Coordinators and other titles within this Agreement, with the exception of the elected President of the Faculty.

**FOUNDING PROGRAM COORDINATORS and DIRECTORS:** refers to the first person to serve as coordinator or director of a newly created program at the graduate or undergraduate level.

**NEW PROGRAM:** refers to a new program at the graduate or undergraduate level that is not the offspring of an existing program. (e.g. P.S.M.)

**FTE FACULTY:** For purposes of assigning undergraduate programs to Tiers, FTE Faculty are computed each fall term as follows: each full time faculty member counts 1.0; each part time (non-adjunct) faculty member holding faculty rank counts at his/her percentage of full time, e.g. .5 or .75; for adjuncts teaching in the program every 12 TCH of teaching counts as 1.0; fractions of this are prorated.

#### **APPOINTMENTS AND TERMS:**

1. Program Coordinators, Directors and other designated faculty shall be appointed as set forth in this Agreement. Unless otherwise stipulated, appointments will be made before the end of fall semester, and begin the following September 1. Also unless otherwise stipulated, terms will be for two years. It is the understanding of the parties that persons who accept appointments pursuant to this Agreement will normally serve for the complete term.

2. In exceptional cases where the Dean and relevant faculty agree, the person can arrange for an interruption in service for purposes of medical, sabbatical or other temporary leave. During the interruption a replacement will be appointed according to the usual method to serve during the temporary leave.

3. When the "interruption in service" comes at the end of a person's term a replacement shall be appointed by the same method to finish serving the term. At the end of the term, the usual appointment process will be followed.

### **ADMINISTRATIVE SUPPORT AND COMMUNICATION**

At the beginning of each academic year, the School Dean will meet with all of the Designated Faculty whom they supervise and will provide, to the extent possible, a tentative timetable of important deadlines for the year, to be updated as information becomes available, and will also provide instructions as to how each Designated Faculty will obtain clerical and administrative support from the School office. It is understood that such support arrangements may vary from School to School. The Graduate Dean and other Designated Supervisors will also provide Graduate Directors and other Designated Faculty with similar information as appropriate.

### **COMPENSATION:**

**1. General Provisions:** The College recognizes that Program Coordinators, Graduate Directors, and certain other faculty members (hereafter identified and referred to as the "Designated Faculty Members") are performing duties that qualify them for additional compensation.

Except where specifically provided otherwise, designated faculty members may elect to be compensated in the form of stipend AND/OR released time. The affected faculty members shall indicate their preference to the supervising School Dean who will normally honor the preference. However, when the Dean and Provost determine that granting released time would create a hardship for the affected program because of exceptional circumstances, such as the particular needs of the program, they may require the faculty member to accept compensation in the form of a stipend.

Whenever a faculty member elects released time, s/he shall schedule all course release within the same Academic Year (Fall-Spring) in which it is earned.

Monetary compensation during the academic year will be made in biweekly payments. For purposes of calculating payment for fractions of a term, Program Coordinators' and designated faculty members' term of service for each year begins on September 1 and ends on August 31.

Summer stipends will be paid in two installments: The first half shall be paid during the first pay period after the final pay period for 10-month regular pay; the second half shall be paid two pay periods after that.

**2. Second Campus:** Both parties to this Agreement recognize that the offering of a full degree program on a second campus involves additional responsibilities on the part of the program coordinator or graduate director. In the event that the College decides to run a full degree program on a second campus, the parties agree to negotiate additional compensation for the program coordinator or director.

**3. Periodic Review and Accreditation:** When a Degree Program undergoes either a Five Year Program Review as mandated by the College or a periodic review for re-accreditation mandated by external bodies on a frequency that may be more or less than every five years, the Coordinator or Director of said Program or another faculty member chosen by the Program and approved by the School Dean will be compensated by receiving 4 TCH of released time during the year of the Review.

Coordinators of Interdisciplinary Minors or another faculty member chosen by the Program and approved by the School Dean will be compensated by payment equivalent to 2 TCH at the State negotiated overload rate at senior rank during the year of the Review.

**4. Additional compensation for work involving accreditation and certification:**

(a) **Programs with Accreditation Tied to Licensure:** Certain degree programs, graduate or undergraduate, are required to maintain external accreditation or certification in order for their graduates to be eligible for professional licensure. In some such cases the accrediting or certifying body may require that the Coordinator or Director of the program perform on an annual basis additional duties not included in this Agreement and that are over and above the periodic review described in paragraph 4 above. Such duties may include but are not limited to compilation of an annual report that requires substantial analysis and not only statistical information, or providing detailed annual evaluations on the professional development of program faculty.

Where the program can show that there are such duties, the Coordinator or Director will be eligible for additional compensation in the form of a 4 TCH release to be continued annually as long as the duties remain. Where permitted by the accrediting or certifying body and with the approval of the School Dean, the duties and additional compensation may be assigned to a faculty member other than the Coordinator or Director.

Where the program can show that licensing/accreditation or certification necessitates an unusually detailed and individualized admissions process (e.g. personal interviews, background checks), the Coordinator or Director will be eligible for additional compensation in the form of a 2 TCH release or stipend to be continued annually as long as the duties remain. Where permitted by the accrediting or certifying body and with the approval of the School Dean, the duties and additional compensation may be assigned to a faculty member other than the Coordinator or Director.

At the time of this Agreement, MAED, Nursing (pre-licensure), O.T., P.T., M.S.C.D., and M.S.W are among the programs that qualify for additional compensation.

(b) **Programs with Accreditation or Certification not tied to Licensure.** Certain other degree programs, graduate or undergraduate, maintain accreditation or certification that is not required for student employment in the same way, but which the College agrees is desirable as a marker of program quality. In some such cases, the accrediting or certifying body may require that the

Coordinator or Director of the program perform on an annual basis additional duties not included in this Agreement and that are over and above the periodic review described in paragraph 3 above. Such duties may include but are not limited to compilation of an annual report that requires substantial analysis and not only statistical information, or providing detailed annual evaluations on the professional development of program faculty

Where the program can show that there are such duties, the Coordinator or Director will be eligible for additional compensation in the form of 2 TCH release to be continued annually as long as the duties remain. Where permitted by the accrediting or certifying body and with the approval of the School Dean, the duties and additional compensation may be assigned to a faculty member other than the Coordinator or Director.

(c) **Other programs seeking accreditation or certification:** The parties agree that when the College commits a degree program to pursuing optional accreditation or certification the work involved in pursuit of such accreditation may need to be compensated. The Coordinator or Director shall provide the Dean with a description of the work required and request additional compensation of up to 2 TCH annually as long as the duties remain. It is understood that in some cases the duties may be reduced once accreditation is achieved. Where permitted by the accrediting or certifying body, and with the approval of the School Dean, the duties and additional compensation may be assigned to a faculty member other than the Coordinator or the Director. Where the faculty member doing the accreditation/certification work believes that 2 TCH is insufficient for the time required, s/he may request additional compensation from the Dean.

## **EVALUATION OF DESIGNATED FACULTY:**

### **A. Evaluation of Designated Faculty who are appointed based on election by Faculty**

1. During the first year of a Designated Faculty member's two-year term and after the first semester of service, the Dean or Designated Supervisor may meet with the faculty member that she or he supervises to discuss their performance. Pursuant to the Master Agreement, the Designated Faculty may request a union observer at the meeting. The content of this meeting, including areas of satisfaction and/or suggestions for improvement, shall be communicated in writing to the Designated Faculty member. The Dean shall keep a copy of this letter in his/her file.
2. After the meeting, the Dean may notify the relevant faculty of his/her intention to initiate, before the end of the academic year, a formal process regarding the Designated Faculty member.
3. Upon receiving such notification, the relevant faculty group shall meet to discuss the issues and to conduct a vote of confidence in the Designated Faculty member. Untenured faculty may attend the meeting but shall not vote. Voting shall be by secret ballot and a tied vote will not be considered a vote of no confidence.

4. Should a positive vote of confidence occur, the program will recommend to the Dean that the designated faculty complete his/her term of office.

5. If a majority vote indicates a desire for a change of leadership, the faculty will submit to the Dean, with a copy to the Designated Faculty member, information establishing just and sufficient cause for this action. Within two weeks the Designated Faculty member will meet with the relevant faculty and the Dean regarding the no-confidence vote to present his or her response. Following this step, the Dean will consult again with the faculty to make a final assessment of the status of the Designated Faculty member.

6. When the Dean's recommendation differs from the Faculty recommendations s/he must inform the faculty and the Designated Faculty member of the reasons for the recommendation.

7. The Dean, having made a determination based upon all available information, will make a recommendation to the Provost as to whether or not the Designated Faculty member should complete his or her term of office.

8. When the Dean does not initiate a formal process of evaluation of a Designated Faculty member, after the first semester of service any tenured member of the relevant faculty may request a vote of confidence. Before this vote is initiated, the relevant faculty shall have a face-to-face meeting with the Designated Faculty member to air issues and share concerns. Subsequent to the face-to-face meeting with the Designated Faculty member, any tenured faculty member may make a motion for a formal vote of confidence. If the motion passes, there will be a formal vote of confidence by the relevant faculty and evaluation by the Dean as set forth in steps 3-7 above.

**B. Evaluation of Designated Faculty whose appointments are made without an election by the faculty.** Before the end of any academic year of service, the Dean or Designated Supervisor may initiate a process for eliciting feedback from students who have sought advice from one or more of the Pre-professional advisors and/or Director of International Education. Based upon all available information, including feedback from students, the Dean shall make a recommendation as to whether or not the person should continue in the position.

## **PROGRAM COORDINATORS**

### **ELIGIBILITY AND APPOINTMENT PROCESS:**

1. It is understood by the parties that eligibility to serve as Program Coordinator is limited to tenured faculty members of a Program who are in good standing and who satisfy any specific criteria established by any outside accrediting agency.

2. Program Coordinators are recommended for appointment by the Provost by simple majority vote of the Program faculty.

Upon the request of any member of the Program faculty, the Dean will conduct the election and may require a quorum of at least three quarters (3/4) of the Program faculty.

In the event of a tied vote, the Program will have one week to resolve the recommendation; if there is no resolution the faculty shall recommend the candidate who wins a coin toss.

The Dean is responsible for transmitting the Program faculty's recommendation to the Provost.

3. Exception for new programs:

It is understood by the parties that a New Program or new Offspring Program is officially "created" at the time that students begin their first classes. Upon the creation of a New Program, a Founding Director or Founding Coordinator shall be appointed by the Provost taking into account the recommendations of the search committee and Dean for an initial term of two years (the Founding term.) The Founding Director or Coordinator may be, but does not have to be, the same person who was designated or hired to plan for the creation of the new program.

It is understood that this Founding Director or Coordinator may be a person who does not meet the usual requirements for this position as set forth in this Agreement.

At the end of the founding term, the program faculty shall recommend appointment of a faculty member to serve as Program Coordinator as in the case of all existing programs. It is understood that until a program has been in existence for at least five years, the person recommended may not meet the usual requirements for this position as set forth in this Agreement.

4. It is understood by the parties that in the event the Program faculty is unable to recommend an eligible faculty member to serve as Program Coordinator, the appropriate Academic Dean shall make a recommendation for appointment of a Program Coordinator to the Provost. Faculty members so selected retain the right to refuse to accept an appointment to serve as Program Coordinator, in which case the Dean or his/her designee will serve until a Program Coordinator is appointed by the Provost.

**COMPENSATION OF PROGRAM COORDINATORS:**

Coordinators of undergraduate degree programs are grouped in three tiers:

Tier 1, FTE Faculty of 12 or more: 10 TCH + Summer stipend per year.

Tier 2, FTE Faculty between 8 and 11: 9 TCH + Summer stipend per year.

Tier 3, FTE Faculty below 8: 8 TCH + Summer stipend per year.

Summer Stipends for all Program Coordinators will be paid in the following amount:

2012-13: \$1200

2013-14: \$1300

2014-15: \$1400

This Agreement is projected to last through AY 2014-15. Undergraduate degree programs are placed in tiers based on their size at the time of this Agreement. The parties are agreed that any upward changes in the programs' number of FTE faculty during the life of the Agreement will result in re-classification.

Additional compensation will be awarded where required by an outside accrediting agency.

During the first two years of a New Program, if the Founding Coordinator believes that additional work needs to be done that is not part of the normal duties of the position, she or he may apply through the Dean to the Provost for additional compensation commensurate with the additional work. Such requests shall be reviewed equitably and will not be denied without reasons being given.

#### **SPECIAL PROVISIONS FOR COORDINATORS:**

In exceptional circumstances, Program Coordinators may ask to shift some of their responsibilities and commensurate compensation to another faculty member. This request should be in writing to the Dean for approval and should define the proposed shifting of responsibilities and compensation. The Dean shall not unreasonably deny such requests.

#### **RESPONSIBILITIES OF PROGRAM COORDINATORS:**

##### Creation, Development and Maintenance of Program

As requested by the Dean, review and update annually all official Program information for publications such as the Bulletin and Graduate Bulletin, relevant portions of the College web site, curriculum worksheets, and other materials to meet Program, School, and College goals. With the approval of the Dean, the Program may delegate the responsibilities for developing the five-year program review to a person other than the Coordinator.

(14) Assist with the transmittal of information and instructions, as needed, from the Dean and other officials of the College to members of the Program.

(15) Prepare an annual report in a format designated by the Dean that summarizes Program activity and achievement of its mission and goals, and that presents the faculty's goals for the Program in the upcoming year.
