

## Portal Faculty Pictures Proposal

Currently there are only a limited number of faculty and staff photographs available the Stockton University online Faculty and Staff Directory

(<http://intraweb.stockton.edu/eyos/page.cfm?siteID=58&pageID=7&action=home>). Some may recall that several years ago Stockton would publish a hard copy Who's Who including photographs of all Stockton faculty and staff. The paper directory was abandoned in favor of an electronic online directory. Faculty have shared frustration in their inability to find faculty pictures in the directory.

In order for a photograph to be included in the directory, in addition to having a photograph captured by Graphics, the University employees must fill out the waiver form to permit their photograph to be included in the online directory

([http://intraweb.stockton.edu/eyos/human\\_resources/content/docs/Forms\\_University/UseofPhotoForm100915.pdf](http://intraweb.stockton.edu/eyos/human_resources/content/docs/Forms_University/UseofPhotoForm100915.pdf)). There are currently 1890 profiles with the directory. 459 have the option enabled to "display photo". 24.3% of all records are currently showing a photograph online.

I am proposing that OIT develop a secured version of the pictorial directory that would only be accessible from on-campus protected by credentials from within the portal that would display a photograph for every employee within the directory. In the instance where a photograph is not on file, the ID system photo on file would be used for that individual. Within the secured version, there will be a menu where employees can select an opt-out option which would preclude their ID photo from being displayed in pictorial directory.

Best Regards,

Bob
