STOCKTON | SCHOOL OF
UNIVERSITY | HEALTH SCIENCES

Accelerated Bachelor of Science in Nursing | BSN

ABOUT THE PROGRAM

Accelerated Program

The Nursing Program at Stockton is grounded in the Roy (1976) Adaptation Model.

Benefits of the Bachelor of Science in Nursing Program:

- Small Classes
- Experienced Faculty- Our faculty are dedicated to teaching, scholarship, and the preparation of students for careers in Professional Nursing.
- History of Success- The program has a strong record of preparing students for the NCLEX exam and placing graduates in nursing positions. The five-year pass rate has averaged 90%. Our graduates are employed in Nursing within one year of program completion.
- Facilities- Stockton features fully equipped labs and classrooms to enrich the educational experience. Clinical experiences occur in multiple regional healthcare institutions and organizations.

Please visit stockton.edu/hlthschool for more information about the BSN Program.

THE CURRICULUM

First Semester

- Foundations of Professional Nursing with (Lab)
- Pathophysiology** – this course is recommended prior to the start of the program but can be taken in the first semester. Prior approval by the Accelerated coordinator is needed if taken at another institution.
- Physical Assessment with (Lab)
- Pharmacology

Second Semester

- Care of the Adult I with (Clinical)
- Psychosocial Nursing with (Clinical)

Fourth Semester

- Care of the Adult III with (Clinical)
- Population Health with (Clinical)
- Professional Issues in Nursing

*A minimum grade of “C+” is required in all clinical nursing courses and a minimum of “C” is required in all non-nursing courses

ADMISSIONS REQUIREMENTS

Students with earned baccalaureate degrees*

Students with earned baccalaureate degrees or higher must have earned credits in the following courses:

- English I & II
- Intro to Psych
- Life Span Development
- Statistics
- Nutrition
- Chemistry I - Inorganic
- Chemistry II - Organic
- Microbiology
- Anatomy & Physiology I & II
- Ethics (waived for Stockton graduates with a Health Science degree)
- Pathophysiology* Recommended prerequisite beginning Fall 2019

* Pathophysiology is a recommended pre-requisite course for the accelerated program. Students who do not take Pathophysiology prior to admission into the accelerated nursing program will be required to take the course during their first semester in the program.

A GPA of 3.5 and no less than a “C” in all required science courses taken at Stockton are desired for admission. Required science courses taken at schools other than Stockton should be a grade of “B” or higher. Science courses must be 5 years old or less for transfer. The NLN PAX exam will be required for admission for those students whose science courses are more than 5 years old. All transcripts will be evaluated on an individual basis.

***Students admitted to Stockton University after the Spring of 2018 must have an earned baccalaureate degree to be eligible for admission.**

Criminal Background Check, Drug Screen, and COVID-19 Vaccination:

Students must successfully pass a criminal background check and urine drug screen prior to enrollment and as required or requested while enrolled, as well as adhere to all health and safety program mandates. In addition, students must meet Technical Standards and Functions outlined by the program upon admission and throughout the program. The Technical Standards and Functions are available at stockton.edu/health-sciences.

Application deadline for Fall: May 15

Application deadline for Spring: October 15

Transcripts will be evaluated on an individual basis.

For answers to questions not included in the above information or in the FAQ sheet, please call 609-652-4501 or email: AcceleratedNursing@stockton.edu
