Galloway, NJ - Dr. Brian S. Winters, an orthopedic surgeon affiliated with Rothman Institute, AtlantiCare Regional Medical Center and Thomas Jefferson University Hospital, will discuss treatment of foot and ankle arthritis at a free public "Lunch & Learn" session at Stockton University's Manahawkin Instructional Site on **Thursday, July 30**.

Dr. Winters specializes in all areas of foot and ankle surgery, with an emphasis on total ankle replacement, ligament and tendon repair/reconstruction, work and sports related injuries, minimally invasive arthroscopic techniques, deformity correction and reconstructive surgery related to cartilage injury/arthritis/neurologic conditions/trauma, and acute lower extremity fracture care.

After receiving his bachelor's degree at Rutgers University in New Brunswick, NJ, where he pitched for the Scarlet Knights nationally ranked varsity baseball team and graduated with honors, he completed two years of dedicated research at Rutgers-Robert Wood Johnson Medical School. He later went on to complete his medical education there and was inducted into the Alpha Omega Alpha-National Medical and Gold Humanism Honor Societies. He subsequently completed his orthopedic surgery residency and orthopedic foot and ankle surgery fellowship at Thomas Jefferson in Philadelphia, PA.

Dr. Winters has received multiple awards for his academic excellence, clinical achievement and leadership. He is an assistant professor of orthopedic surgery at Jefferson and is very active in research, which has resulted in numerous publications.

Lunch is provided at this event, which is sponsored by Stockton, Rothman and AtlantiCare.

Call 609-626-3883 to RSVP.
